

# REED AND LONG CLOSE BITTER CAMPAIGN

## PRIMARY TUESDAY TO END BATTLE FOR SENATE NOMINATION

Fight Has Been Most Acrimonious in Missouri History—Each Expresses Confidence in Outcome—Wet and Dry Issues are Injected—Campaign One of Recrimination

ST. LOUIS, Mo., July 29.—The two leading Democratic candidates, United States Senator James A. Reed and Breckenridge Long, third assistant secretary of state during the Wilson administration, brought to a close tonight what is considered by politicians to be the most bitter campaign for the senatorial nomination waged in Missouri in many decades. Senator Reed made his closing speech here, while his opponent wound up his campaign at Macon, both expressing confidence that plurality of votes will come to them Tuesday.

Senator Reed's speech, delivered in his typical oratorical manner, teemed with attacks clothed in inferences against Mr. Long and his supporters in his entire campaign. He paid high tribute to the woman voters in referring to his stand on the maternity bill during its discussions in congress. Stressing his loyalty to the Democratic cause Mr. Reed again laid emphasis on the charge of bolting which has been brought against the Long forces because of a recent threat made by one of the Long followers.

## MILLION DOLLAR STORM SWEEPS WESTERN STATES

No Loss of Life But Farm Owners Are Hard Hit

OMAHA, Neb., July 29.—Damage estimated at one million dollars resulted from rain, hail and windstorms that swept Nebraska, South Dakota and Western Iowa Friday night and early today. Reports received here tonight indicate there was no loss of life reported but heavy losses resulted from the destruction of farm property, crops and railroad equipment.

More than a score of washouts on the Chicago, St. Paul, Minneapolis & Omaha railroad, between Norfolk, Neb., and Sioux City, Ia., have isolated several towns. Between Wayne and Wakarusa there is two miles washed out on this road.

Two hundred passengers, marooned over Friday night on a branch line train two miles from Carroll, were rescued late today and taken to Carroll on handcars. Two miles of track ahead and three miles in the rear of the train are reported as having been washed out.

Logan river south of Wayne is out of its banks and the flood has spread over hundreds of acres.

KANSAS CITY, July 29.—A fifty-six mile gale swept this city today, wrecking telegraph, telephone and electric light lines, bearing a great cloud of sand and dust thru the city and resulting in the death of one man.

## Inmate of Home Falls Heir to Large Estate

NORTHFIELD, Minn., July 29.—Charles Rand, for the past two months an engineer at the Odd Fellows Home today was on his way to New York to take over a \$75,000 estate left by his mother, 82 years ago.

Rand succeeded in convincing representatives of the Central Trust Company of New York that he was the rightful heir to the fortune.

Rand said his father died when he was six years old and that his mother died when he was 15 and a student at Cornell University.

The death of his mother, he declared stunned him to such an extent that he left school and be-

The league of nations, the food administration of Herbert Hoover and all the pet issues of the campaign advanced by both candidates furnished Senator Reed subjects that have been echoed in all sections of the state during the campaign.

Mr. Long, who spent the first part of the closing campaign in this city, chose the northern section of the state for the winding up of his campaign. In his speech at Macon Mr. Long reiterated his previous charges against his opponent whom he assailed for failure to protect the party in 1912 and for making speeches for a Republican candidate in Wisconsin.

He again charged that many Republicans would vote for his opponent next Tuesday.

"This fight has been won," said Mr. Long in closing his speech, "and we can now turn our attention to getting the scalps of the Republicans next November."

Mock services for the political funeral marked today's activities of the Long supporters in this city. Proceeding the "funeral" Mr. Reed in effigy was taken around the city, followed by a long string of automobiles carrying Long followers and laden with Long campaign posters.

The six Republican candidates for the senatorial nomination, R. R. Brewster, John McKinley, Attorney General Jesse W. Barrett, Colonel John R. Parker, United States army, State Senator W. D. Proctor and William Sacks, will close their campaigns tomorrow and Monday.

Mr. Brewster and Mr. Barrett, generally are believed by politicians to be the favorites in this race.

While prohibition has been one of the outstanding issues of the campaign, both Democratic and Republican, only one candidate, Mr. Sacks, has made "light wines and beer" his principal campaign subject.

R. L. Young, the third Democratic candidate for the senatorial nomination, is not expected by politicians to get many votes outside of his own district.

J. Johnson was a city arrival from Litterberry yesterday.

Chicago and vicinity: Cloudy with probably showers Sunday; Monday generally fair, not much change in temperature, gentle variable winds.

Illinois and Indiana: Cloudy with possibly showers Sunday; Monday generally fair, not much change in temperature.

Wisconsin: Cloudy Sunday with possibly showers in east and south portions; Monday generally fair, not much change in temperature.

Missouri: Partly cloudy Sunday and Monday, not much change in temperature.

Iowa: Generally fair Sunday and Monday, becoming unsettled by Monday night, warmer Sunday.

Temperatures.

## AN INTERSTATE WAGE MEETING MINERS WISH

International Officers Believe it Can be Brought About

(By The Associated Press)

PHILADELPHIA, July 29.—After a long conference today, participated in by the international officers of the United Mine Workers and the district presidents of the union having jurisdiction over Western Pennsylvania, Ohio, Indiana and Illinois, the statement was repeated that the leaders of the striking soft coal miners had every reason to believe that an interstate wage conference soon would be arranged.

John L. Lewis, international president, said a gratifying number of coal operators have shown a willingness to enter a joint wage conference and he had every reason to believe that a substantial basic wage agreement was not far off. Mr. Lewis said the strike situation in the central competitive fields was thoroughly reviewed and that the number of operators willing to go into a state conference and the tonnage question was considered.

Farrington's Statement.

Frank Farrington, president of the Illinois miners, after the meeting gave out the following statement:

"We are going back to Illinois to do everything we can to persuade the Illinois operators to attend an interstate wage joint conference when such a conference is called by President Lewis."

"We are anxious to work in strict harmony with the officers of the international union in this very important matter."

John Hessler, president of the Indiana mine workers, previously had wired Governor McCray of Indiana that he was hopeful of a conference being called.

Union Officials Meet.

Union officials who participated in today's meeting in addition to Messrs. Lewis, Farrington and Hessler, were Philip Murray, international vice-president; William Green, international secretary-treasurer; Lee Hall, president of the Ohio miners; P. T. Fagan, acting president of the Western Pennsylvania miners; Harry Fishwick, vice-president, and Walter Nesbit, secretary of the Illinois miners; and C. J. Golden, president district No. 9, representing the anthracite miners.

Mr. Lewis and Mr. Murray expected to remain here over Sunday. All the other officers left for their respective headquarters.

## WEATHER

WASHINGTON, July 29.—Weather outlook for the week beginning Monday includes:

Region of the Great Lakes: Showers at beginning of week followed by generally fair with temperature near and slightly below normal.

Upper Mississippi and Lower Missouri Valleys, Northern Rocky Mountain and Plateau Regions: Generally fair with temperature nearer somewhat below normal.

Chicago and vicinity: Cloudy with probably showers Sunday; Monday generally fair, not much change in temperature, gentle variable winds.

Illinois and Indiana: Cloudy with possibly showers Sunday; Monday generally fair, not much change in temperature.

Wisconsin: Cloudy Sunday with possibly showers in east and south portions; Monday generally fair, not much change in temperature.

Missouri: Partly cloudy Sunday and Monday, not much change in temperature.

Iowa: Generally fair Sunday and Monday, becoming unsettled by Monday night, warmer Sunday.

Temperatures.

The current, maximum and minimum temperatures as recorded Saturday were:

	7 p. m. High.	Low.
Jacksonville, Ill.	77	55
Boston	70	54
Buffalo	72	54
New York	75	50
Jacksonville, Fla.	90	74
New Orleans	90	82
Chicago	70	52
Detroit	74	50
Omaha	72	54
Minneapolis	80	54
Helena	88	52

## Settlement of Strike on Roads Hinges on Seniority

Confidence Expressed by Both Sides to Controversy That Tuesday's Conferences Will Settle Differences—Union Leaders Insist That Seniority Rights Must be Restored

(By The Associated Press)

CHICAGO, July 29.—Leaders of the striking railway shopmen returning from conferences with President Harding tonight expressed confidence that the walkout would be terminated as a result of meetings of railway executives and union committees next week to consider proposals submitted by President Harding. They also asserted the strikers will return to work with their seniority rights unimpaired if they return at all.

B. M. Jewell, head of the shop crafts organization shook his head smilingly when newspaper men attempted to question him.

"I can't say a word, boys, not a single word," he said. He refused to term the outlook hopeful or otherwise but declared that "it was safe to assume" that the meeting of the shop crafts policy committee of ninety men here Tuesday was called to hear his suggestions for terminating the strike.

Timothy Healy, president of the Firemen and Oilers Union which is also on strike told newspapermen he expected Tuesday's meetings to result in a settlement.

"We are all hopeful," he said, "that the walkout will be settled as a result of the meetings of railway executives in New York and union committees in Chicago next Tuesday."

Asked concerning the state peace negotiations had reached, Mr. Healy said that "the case is in the hands of the president."

He said the executive committee of the firemen and oilers would meet here Tuesday and will go along with the shopmen.

Mr. Healy refused to comment on the peace proposals except to say when asked specifically about the seniority question:

"The men will return to work with seniority rights unimpaired, if they come back at all. This means that they will go back to work in exactly the same status with respect to seniority as when they left July 1. In all the railroad strikes in history settlement was always based on the return of seniority rights to the strikers. There will be no different settlement in this case."

Mr. Healy refused to be quoted to the effect that settlement of the issues between the railroads and the strikers tentatively had been agreed upon between Mr. Jewell and T. DeWitt Cuyler of the rail executives as a result of the conferences with the president.

Both freight and passenger traffic on western lines having headquarters in Chicago are practically unaffected by the shopmen's strike, said a statement issued tonight by the Western president's committee on public relations of the Association of Railway Executives. More than 7,100 shopmen, the statement asserted, were employed this week.

"Freight traffic demands are being met currently and passenger trains are being operated normally with but slight delays," said the statement. "All of the roads report increases in the (Continued on Page 4)"

## To the Citizens of Jacksonville and Surrounding Territory

## DOLLAR DAY Tuesday, August First

The regular sections of the Journal also contains many interesting "Dollar Day" bargain announcements.

Watch! Read! Act!

## CARAWAY WANTS PROBE MADE OF TARIFF MATTERS

Would Know Whether Senators are Interested Financially

(By The Associated Press)

WASHINGTON, July 29.—The question of whether senators are interested financially, as has been charged, in the duties on wool and other commodities voted into the pending tariff bill, was brought up today in the senate and led to a long and stormy debate.

The discussion was opened by Senator Caraway, Democrat, of Arkansas, who offered a resolution proposing an investigation by the judiciary committee with a report to the senate within ten days. Mr. Caraway asked for unanimous consent for immediate consideration of the measure but Senator Wadsworth, Republican, New York, objected not only to that, but to the introduction of the resolution. This under the rules, the measure did not come officially before the senate.

To Pass Resolution.

Democratic leaders said privately that the resolution would be pressed later, while Senator Gooding, of Idaho, chairman of the Republican agricultural tariff bloc and a champion of the wool duty, declared to the senate that he would insist upon an investigation which he charged had been proposed by the Democrats for "political purposes."

Announcing that he would fight for the sheep industry "to the last ditch," because he said the prosperity of his state depended upon its livestock industry, Senator Gooding declared that if he had violated any law he would resign.

He asserted that his own conscience was clear and reminded the senate that he had drawn no line in his advocacy of protection for American industries; had known "no north or south, no east or west."

Caraway Explanations.

In opening the discussion Senator Caraway told the senate he was not impugning the motives of senators nor saying that the charges that had been made in the newspapers and the senate were true, that what he sought was an investigation of the matter.

The resolution would not confine the inquiry to the pending bill, but would include also the emergency tariff bill. The judiciary committee would be instructed to ascertain:

"First, whether any senator is or had financially or professionally interested in the production, manufacture or sale of any article or articles, mentioned in either of said tariff bills, and if so to what extent."

"Second, whether any senator represents or is connected professionally or otherwise directly or indirectly with any person, firm, association or organization engaged in the manufacture, production or sale of any of said articles or has been so interested during the pendency of this bill, or the emergency tariff bill."

## LANDING ANNIVERSARY OBSERVED BY GOMERS

(By The Associated Press)

WASHINGTON, July 29.—Samuel Gomers, who has been called "the grand old man of American labor," by virtue of his long tenure of office as president of the American Federation of Labor observed today the fifty-ninth anniversary of what he considers one of the biggest events of his life—his landing in the United States as an English immigrant boy.

The labor chieftain spent the day in New York but his office at the federation of labor headquarters here was visited by a stream of messenger boys bringing telegrams and letters of congratulation and good wishes.

## AMUNDSEN DESERTS EXPLORATION SHIP

(By The Associated Press)

NOME, Alaska, July 29.—Captain Amundsen has abandoned his attempt to reach Point Barrow in the Maud, his exploration ship, and has transferred to the schooner Holmes according to a wireless message received here. Transferring to the Holmes with Captain Amundsen were Lieutenant G. Omdal, aviator and one other man whose name was not given. It is understood that the plan to fly across the North Pole has been abandoned until next year.

## GOVERNMENT COAL CONTROL TO COVER INTERSTATE ONLY

Local Distribution to Be Handled by States—Situation Varies According to Location—To Conserve Coal Within Boundaries Fuel for Ships and Exports Regulated

(By The Associated Press)

Government activities in coal distribution are to be limited to interstate question according to announcement in Washington.

Five steel furnaces closed because of lack of coal at Youngstown, Ohio.

Omaha reported supply of coal for home consumption practically exhausted. Several hundred shots were fired during a mine clash in Harrison county, Ohio.

J. L. Lewis, mine strike leader, repeated former statement that an interstate wage conference soon would be arranged.

## THOMPSON WILL OBSTRUCT STATE MINING EFFORT

Controversy Arises Over Mining Offered for State Use

(By The Associated Press)

SPRINGFIELD, Ill., July 29.—Officials of the Springfield sub-district of the miners will do everything in their power to prevent the production of coal by union labor for the state institutions, Freeman Thompson, president of the sub-district, said in a statement here tonight following a conference today with state coal administrator Robert M. Medill.

Thompson's statement was inspired by a statement in a Springfield evening paper that Medill was considering opening the Fisher mine at Cantrill, offered to the state yesterday by the owner, Lewis P. Fisher. This is a non-union mine and the belief that the state contemplated working it aroused the ire of the union officials.

"Mr. Medill has our consent to go ahead if he thinks it advisable to open Fisher's mine," Thompson said, "but the responsibility shall be placed on him and since the article appeared in the press we shall do nothing in anyway, shape, or form to assist in having any coal produced by union labor and in fact we shall do everything to prohibit it from being produced."

Medill said he did not call President Thompson and Secretary Watt of the Springfield sub-district into conference to discuss the Fisher mine and that he made this clear to the men at the conference.

London, July 29.—Thousands of persons gathered today in Hyde Park to hear prominent clergymen, social workers and labor leaders speak against war. A resolution against war was offered by ex-service men.

Individual Control.

"Each state, outside of the groups able to look after themselves, has been requested," Mr. Hoover said, "to canvass its situation as to stocks and requirements in order of the priority in different classes—public utilities, public institutions, household and industrial coal."

"Each state has been asked to make such rules and regulations as it may see fit to control speculation and distribution within the boundaries of the state."

## Tries to Revive the Old Days in Kansas

(By The Associated Press)

TOPEKA, Kansas, July 29.—Mrs. Myra McHenry, years ago running mate of the late Carrie Nation, came to Topeka today, as she asserted "to heard the lion in his den."

She paraded about the state house and Kansas Avenue wearing a full length white apron bearing the insignia in large letters:

"I am for the strikers 100 per cent."

A police official took her to the police station but later she was released still wearing the strike insignia.

"I called on the attorney general but he wouldn't have me arrested," said Mrs. McHenry. May be if Governor Allen were in the city he would order my arrest, like he did William Allen White's."

Not adverse to publicity, Mrs. McHenry called at the newspaper offices and smiled pleasantly when a newspaper photographer took her picture. Having seen the inside of a dozen Kansas jails, back in the days of her anti-saloon and anti-smoking crusades, Mrs. McHenry today admitted she was disappointed in not being able to break into jail.

## A THOUGHT

We then that are strong ought to bear the infirmities of the weak, and not to please ourselves—Romans 15:1.

Our deeds are like children that are born to us; they live and act apart from us. Nay, children may be strangled, but deeds never; they have indestructible life in and out of our consciousness—George Eliot.

## NEWSPAPER ADVERTISING'S BEST

Newspaper advertising produces maximum results. W. J. Reagan, commercial manager of the Florida Gas and Electric Company, old members of the Empire State Gas and Electric association at their recent meeting.

"Advertising plays an increasingly important part in the commercial activities of public utilities," said Mr. Reagan. "A greater interest in public relations work is noticeable in whatever section of the country you care to look for it. Utilities are slowly coming out of the dark and turning the lights on themselves."

"The newspaper is used by more advertisers, reaches more people, and reaches them more often, than any other advertising medium. They produce the maximum of result. Many times the subject matter will be of the moment, necessitating publication the same day or thereabouts. It is a logical conclusion, therefore, that in the interest of sustained attention, quick service and widespread clientele, the newspaper can almost be relied upon as the sole medium of contact."

"Probably the most wasteful expenditure of money in the advertising field is that for space in programs, special editions and publications without bona-fide subscription lists. Beware of all of them."

Now that Mathilde McCormick has really taken passage for Europe, let us hope that her affair with Max Oser and other McCormick family doings pass from newspaper columns.

The Ward mine fire in southern Illinois, with ensuing grave danger for a few miners on duty underground, gives emphasis to the hazard of mining as an occupation. The scale of pay is high, but the work has no other allurements.

Tuesday, August 1 has been set aside as Dollar Day by the unanimous action of the merchants of Jacksonville. A perusal of the advertising announcements for that date will afford proof that it is to be a memorable date in the business life of Jacksonville—at any rate from the buyers' standpoint.

The Springfield Journal suggests that it is strange for Senator LaFollette to keep running on the Republican ticket since he is so out of harmony with Republican principles. The answer is simple, for the Wisconsin man would not be senator if he changed his party affiliation.

The records show that the largest manufacturers of steam shovels in this country early in the year sold off the surplus accumulated in 1921. The production was speeded up to a shovel a day in order to meet current orders. There could be no stronger evidence of the revival of business. If the differences between employers and employees which now are disturbing could only be settled, business would boom.

Priority shipment orders possible under the recent interstate commerce commission order have already given coal prices a downward tendency. Ridiculous figures of \$9 to \$12 have been demanded within a week, but prices were lower Friday and Saturday.

One local business concern dealing in foodstuffs was offered coal several times Saturday by long distance messages. This concern and others of its class will have priority rights in securing fuel just as will be true of public utilities.

The government has more ways than one of making its influence felt when crises come.

## YOUR DAILY GRIND.

The older you get, the more you realize the extreme slowness with which we humans accomplish anything of importance. Life is a process of grinding the ax for two hours to do ten minutes of actual wood chopping. Mother is the champion slave of the limits of time. It takes an hour to scrub Bobbie and get him ready for exhibition. He seeks the nearest mud-puddle and undoes the job quicker than it takes to tell it.

"The daily grind" is tedious preparation for climaxes that are brief. In civilization we have to toil all day, in order to have a few hours of leisure. Two weeks' vacation, fifty weeks of work.

Voltaire knew what he was talking about when he wrote: "Time is of all things the longest."

## BERTON BRALEY'S DAILY POEM

### SURE HE WILL!

By Berton Braley

HE'S cocksure in all his opinions  
And no one can tell him a thing,  
Of all the world's goodly dominions  
He thinks he's undoubtedly king.  
He gives the cold shoulder to folks who are older,  
(Exactly as we used to do),  
But you got over it, I got over it,  
He'll get over it, too.

HE'S certain the world is his oyster  
Which he can crack open alone;  
And down life's broad highway he'll rolster  
And sneer at its perils unknown.  
He'll go his way, scorning all manner of warning  
(WE did it, it's nothink so new),  
But you got over it, I got over it,  
He'll get over it, too!

I ENVY him, taking his chances  
With blithe and unquestioning cheer,  
Undaunted by destiny's glances,  
Cocksure, with no shadow of fear.  
There's no need to wonder at each youthful blunder  
(Ah once WE were young through and through),  
But you got over it, I got over it  
(Sad it is that we must get over it)—  
He'll get over it, too!

(Copyright, 1922, NEA Service)

## LOWDER ELEVATOR DESTROYED BY FIRE

Structure Owned By Farmers, Company Burned Saturday Night—Was Filled With Wheat

Lowder, July 29.—The Farmers elevator here burned tonight and thousands of bushels of wheat were destroyed. The flames were discovered about 9:30 o'clock tonight but the origin of the fire is not certainly known. One theory is that lightning struck the elevator.

Monroe Thompson is the manager of the elevator for the Farmers Elevator Co. Only a fair amount of insurance was carried and the fire resulted in a considerable loss.

For Fire Insurance, mill or elevator, all lines—Koppe Insurance Agency, 167 1/2 East State St. Phone 1575.

## CLUBS

The Ladies Aid of Brooklyn church will hold their regular meeting and birthday social at 2:30 o'clock Thursday afternoon at the home of Mrs. S. Sargent on South East street. The assistant hostesses will be Mrs. William Jackson and Mrs. C. O. Redding.

**DOLLAR DAY GAS SPECIAL**  
5 gallons of gas for \$1.00.  
L. F. O'DONNELL Motor Co.

**GREEKS WILL SEEK ALLIES PERMISSION**  
CONSTANTINOPLE, July 29.—The Greek government has informed the allied commission that it does not intend marching on Constantinople without the permission of the allies, it was announced today.

The military movements in Thrace are explained as a reorganization of the positions of the army in the event that the allies authorize action against Constantinople.

The French government has informed the Greek charge d'affaires at Paris that France's authorization for the occupation of Constantinople by Greek troops is formally refused.

Homer Hanson and two sons, Waldo and Charles Warren left yesterday for Garden City Kansas where Mr. Hanson will look after farming interests. From there they will go to Colorado Springs where they will visit with relatives and friends.

Read what Wm. N. Hairgrove says about "Triumphal Plutocracy" on Page 6.

5 gallons of Ford non-shatter oil for \$3.50.  
L. F. O'DONNELL Motor Co.

## CONDUCT CAMPAIGN OF BEAUTY EDUCATION

CHICAGO, July 29.—Members of the younger generation addicted to the over use of cosmetics will be educated in the art of moderation if they visit beauty parlors in the future, according to Mrs. Mary G. Bott, president of the American Society of Cosmeticians, which held its annual convention today.

"We are going to conduct a campaign of education," she said. "It is the young who are given to extremes. We will teach them that true art, in the use of cosmetics lies in the exercise of moderation. The obviously painted lady is a thing of the past."

Read what Wm. N. Hairgrove says about "Triumphal Plutocracy" on Page 6.

O. A. Hamm was in town Saturday afternoon having motored from Alexander.

## WINS PRIZE FOR WINDOW DISPLAY

Local Foot Authority is Recognized By Concern of National Prominence.

Mr. J. L. Read of Hopper's Shoe store, this city, received word yesterday that he had been awarded a valuable prize for the Window Trim which he designed for the store during Dr. Scholl's Foot Comfort Week, June 17 to 24.

Thousands of window trimmers, all over the United States and Canada, entered into a contest during this week to see who could produce the most striking display illustrating the modern service that progressive shoe stores are now rendering, in relieving foot ailments of all kinds.

Anyone who saw the display exhibited by the local store could not help but be impressed by its artistic conception. To win in a competition against the best window trimmers on the continent is an achievement of which Mr. Read can well be proud.

The occasion for the display was Dr. Scholl's Foot Comfort Week, an annual event in which Shoe Dealers everywhere cooperate to urge better foot hygiene by the Dr. Scholl methods. They devote this particular week to educating the public to the comprehensive character of this service.

Mr. Read makes a specialty of Foot Comfort and has a thorough knowledge of the anatomy of the various foot ailments and causes, and understands how to correct those causes and so bring about relief through Dr. Scholl's methods.

Children's \$2.00, \$2.50, \$3.00 and \$3.50 wash suits, choice \$1.00 on \$ Day at TOMLINSON'S

## GETS PLUMBING CONTRACT

The contract for the plumbing in the new Community High school at Virden has been let to the Jacksonville Heating and Plumbing Co., of this city. The bid was \$18,000. Contractors from many cities submitted plumbing propositions for the school. The entire cost of the building will be \$96,000.

See our ad in the \$1.00 day section but don't fail to call at our store Tuesday. GRAHAM HDW. CO.

**VISITOR FROM CHICAGO**  
Frank R. Elliott came from Chicago last night for a few days' stay at the home of Mr. and Mrs. Frank Elliott, 1101 West State street.

**MR. AND MRS. DOHT RETURN**  
E. W. Doht and wife returned Friday from a month's trip to Wisconsin resort points. Some time was spent with relatives at Marianetta, Wis.

## MISS KERCHER NAMED INSTRUCTOR IN GREEK

Comes to Illinois College to Fill Vacancy Caused by Resignation of Dr. Blake—All Rooms in Academy and Crampton Halls Taken—Illinois College News Notes.

A few weeks ago Dr. Marion E. Blake, instructor in Greek and Latin in Illinois college, resigned her position in order to accept an assistant professorship at Converse college, South Carolina. The faculty committee of the board of trustees, at a recent meeting, appointed Miss Cora E. Kercher to fill this vacant instructorship.

Miss Kercher is a graduate of Northwestern university, where she majored in the classics under Professor John Scott and Dean Flickinger. She later took a master's degree in the classics at the University of Chicago. During the past few years she has been teaching in high schools in Indiana. Miss Kercher comes highly recommended by the professors under whom she has worked at Northwestern and the University of Chicago. Professor Raymond H. Lacey is head of the department in which Miss Kercher will serve as an instructor in the college.

Notes.  
Dean G. B. Sweazey of Westminster college, Missouri, was a visitor on the campus Friday afternoon. Dean Sweazey is a brother-in-law of Mr. Harry Furry, whom he and his wife are visiting on their auto trip from Wisconsin to Fulton, Mo. Dr. Sweazey reports that Westminster college is trying to complete a new fund of \$500,000 which has to be done by August 31st of this year.

John Martin, 29, and his wife, 23, were visitors on the campus during the week.

Every room in Academy Hall and also in Crampton Hall has already been rented. The college authorities are making some arrangements for placing a limited number of girls in a private home near the Academy hall.

A letter has been received recently from Professor Edmund Munger of the Conservatory faculty, who is travelling with his sister in England. He reports a delightful trip.

Three young men from Palmyra came to the dean's office a few days ago to complete arrangements for entering college in the fall.

A new concrete walk has been completed from Park street to the northeast corner of the Jones building.

Just received, new line of early Fall Hats, trimmed and sport hats.  
L. C. & R. E. HENRY Opera House Milliners

TO LEAVE FOR VACATION  
Rev. and Mrs. W. H. Marbach and son will leave Monday morning for Chicago where they will spend several weeks of their vacation. There will be no prayer meeting at State Street Church next Wednesday evening because of the absence of the pastor.

There will be a general stockholders meeting of the Co-Operative Store at the store Monday night.

**INTEREST SHOWN IN BUILDING ASSOCIATION**  
Because of increase of investments in the shares of the Jacksonville Savings & Loan association, additional loans can be made speedily. The secretary, Dr. J. O. Applebee, said yesterday that loans totaling about \$10,000 are to be made in the course of the next few weeks. Applications are being made constantly for loans, and the sale of shares is very gratifying.

The public has found that the association offers an attractive medium of investment and that loans are passed upon with great care by a competent committee of Jacksonville business men.

**See Shanken's Dollar Day Announcement in Dollar Day section.**

**BIG YIELD OF WHEAT**  
Another good yield of wheat was recorded Saturday. A 70 acre tract on the Strawn farm southwest of the city turned out an average of 39 1-2 bushels to the acre.

IN

## THE HEART SPECIALIST

Rosalie Beckwith, special romance writer on a city newspaper, is sent by her city editor to get some new viewpoints on the subject of romance. She lands at Essex, Conn., just a day or so after the return home of Robert Stratton, a hero of Chateau Thierry, who is ill from a gas attack. On her arrival she is mistaken for Madame Murat Bey, a distant relative and co-heir of Bob's in the estate. Madame Murat has lived in Europe all her life and she and Bob do not know each other.

Rosalie allows herself to be mistaken for Madame in order that she may see what is behind the matter and soon finds herself involved in more adventure than she anticipated. She finds that Bob's affairs are in the hands of Dr. Fitch, the old family physician, and that someone is secretly poisoning Bob's medicine. At the same time, she and Bob fall in love with each other, but Bob discontinues his suit suddenly realizing that she is his married cousin, as he supposes.

Rosalie sets herself to find out just what the mystery about Bob's illness and the poisoning is and soon fastens her suspicions upon Dr. Fitch, who she learns, has converted a large part of Bob's funds to his own use during Bob's absence and now, at the instigation of his sister, Grace, determines to destroy Bob

before the embezzlement is discovered.

Fitch and Grace soon learn that Rosalie has discovered them. They intercept her just as she is about to warn Bob, knock her unconscious and throw her into a well. Grace then appears as the real Madame Murat, tells a story of having confronted Rosalie with having been an imposter and that Rosalie had confessed and disappeared.

Grace and Fitch work desperately to give Bob his final dose of poison before he can discover the discrepancies in the books. While the young man is going over the books, Fitch tries him to take nourishment, setting before him a luncheon which has been poisoned.

Rosalie escapes from the well in time to save Bob from eating the poisoned food and, confronted with their guilt, Fitch and Grace confess. Fitch goes crazy in his laboratory and is killed by poisonous fumes. Grace is intercepted as she is about to flee and turned over to the police.

Bob quickly forgets that Rosalie has deceived him in the knowledge that she is not married and that there is nothing standing in the way of his romance.

Admission, 20c and 10c. No Tax on Children's Tickets

## WEDNESDAY

The Greatest Find Since Mary Pickford

### Hupmobile Owners are Loyal

The conspicuous absence of the Hupmobile from the used-car advertising columns simply means that when the Hupmobile owner has occasion to re-purchase, he usually buys another Hupmobile.

Hupmobile owners give sound and ample reason for this pronounced loyalty.

They will tell you the Hupmobile's depreciation is slower and smaller; that its price as a used car is proportionately higher.

The qualities which win their highest regard, however, are the everlasting regularity of performance and service, the consistent economy, and efficiency, which have always stamped the Hupmobile an extraordinary motor car value.

### POLITICIANS OPEN CHICAGO OFFICES

(By The Associated Press.)  
CHICAGO, July 29.—John T. Adams, chairman of the Republican National Committee, Representative Will R. Wood, chairman of the Republican National Congressional Committee and Senator Medill McCormick, of the Republican Senatorial Committee today arranged for offices to be opened jointly in Chicago by the Republican National, Congressional and Senatorial Committees at the Congress Hotel for the campaign period.

Chairman Adams gave out this statement:

"The headquarters of the three committees will be maintained at Washington. No eastern or western headquarters will be established this year. A joint office is being opened at Chicago to function as a speakers' bureau. All other matters will be handled from Washington headquarters."

Miss Barbara Hart of Franklin motored to the city yesterday for a shopping trip and a call on her brother, Harry Hart, at his home 315 South Main street.

Say it With Music on the

## Gulbransen

Sentiments too big for words, thoughts too dear to utter, find expression in Music.

No better way in the world to entertain a guest—or yourself—than with a Gulbransen.

As you play—with effortless, leisurely pedal-strokes—the music bubbles forth—and instinctively you concentrate on it because it interests, fascinates. It is your playing, your touch, your expression.

"But can I who know nothing of music do this, and do it well?" you ask. The answer is, you can.

### SETTLEMENT OF STRIKE ON ROADS HINGES ON SENIORITY

(Continued From Page One)

number of men at work in their shops, the total increase since July 24 on all western roads being 5,140 shopmen."

The Santa Fe system was said to have 11,150 workers or approximately 57 per cent of the normal force, and the Illinois Central reported 10,402 men working in its shops as compared with 12,701 on June 30.

**Shops Working.**

Hale Holden, president of the Burlington road, in a statement said that the road's shops at West Burlington had begun to turn out repaired locomotives and that the number of bad order cars had been reduced during the last week. He said "fine progress" was being made in recruiting a new shop force, which, he added, now includes 6,510 men, of whom 3,353 have been added during the strike. Additions to the shop force, he said, numbered 250 to 325 daily.

"Heavy freight locomotive 6122 was released yesterday after receiving heavy repairs and more will follow the early part of the coming week," his statement said.

"Our operation continues on practically a normal basis. There is no congestion of freight and same is being moved promptly. From July 1 to July 27, inclusive, cars loaded at points on this line, including those received from our connections, indicate an increase of 12 per cent over the corresponding period of last year."

### EFFORT MADE TO KEEP BASE BALL CLEAN

(By The Associated Press.)  
ST. LOUIS, Mo., July 29.—A statement that a local hotel manager had informed him three or four New York men had expressed hope that Browns would win the pennant this year was made public today by Paul V. Bunn, general secretary of the Chamber of Commerce in replying to Harry Krazee's statement on the recent New York-Boston deal.

Mr. Bunn denied that the protest made by the Chamber against mid-season deals in major leagues had been inspired or that it had particular reference to St. Louis and its pennant chances. Mr. Bunn asserted the protest was made in general in order to prevent money from becoming the deciding factor in the pennant race.

### BROOKLYN LEAGUE SIGNS NEW CATCHER

NEW YORK, July 29.—The Brooklyn National League club announced tonight the signing of a young catcher, Norman J. Bakke, who will join the Dodgers next season comes from the same institution as Max Carey, Pittsburgh outfielder and William Wambsganss, Cleveland second sacker.

### ADAMS COUNTY CLUB HOUSE BURNED

QUINCY, Ill., July 29.—The club house at the Adams county fair grounds was burned to the ground tonight during a terrific storm being struck by lightning. It was erected by the state for the state fair, held here in 1867-68, at a cost of \$80,000, and was in an excellent state of preservation.

### CHICAGOANS FACE EARLY TIE-UP OF ITS SURFACE LINES

Believed Certain Men Will Walk Out Next Tuesday

CHICAGO, July 29.—Chicago's street car strike on Tuesday seemed a certainty when the conference between surface lines and union officials broke up today after three hours of deadlock.

Following this conference President Henry A. Blair of the Chicago surface lines, stated that the break was final and that no further conferences were in prospect. "It's all over," said President William Quinlan of the carmen's local union. "There will be no more conferences or attempts at arbitration. Now it is up to the men at their Monday night meeting."

President Quinlan predicted that the elevated line employees also will walk out Tuesday if the carmen decide to strike. Conferences between 'L' employees union heads and elevated line officials will continue Monday.

At today's meeting it is understood that Mr. Blair announced the company would not agree to a compromise offer of 10 percent wage reduction with unchanged working rules made by the carmen.

### FINALITY WORK ON WOOL TARIFF DRAGS WEARILY

Wool Schedule May Possibly Be Completed on Monday

WASHINGTON, July 29.—Only three paragraphs in the wool schedule of the tariff bill were disposed of today by the senate, which again was forced to recess in the midst of a roll call because of the absence of a quorum.

Duties on cloth for men's suits and overcoats and on pile fabrics were quoted today as recommended by the committee and on motion of the committee there was eliminated a house provision proposing an added two per cent on woolen cloth subjected to any process of sponging, dampening or shrinkage.

Whether the wool schedule would be completed Monday was regarded by leaders on both sides as debatable, altho Senator Lenroot, Republican, Wisconsin said he would content himself with the efforts made to reduce the duties. The Democrats did not plan to discuss at any length the remaining paragraphs, dealing mostly with wearing apparel and floor coverings but they expected to demand record votes in each case.

Some Democratic leaders estimated today that the committee amendments could be disposed of by August 15, but since the senate then would have to act on each of the nearly 2,000 paragraphs in the bill, some of which have not been open to change, they thought it might be mid-September before a final vote on the measure reported.

### BACK TO CONGRESS OKLAHOMA WOMAN SAYS SHE'S GOING

Claims That She Will be Given a Landslide Vote

(By The Associated Press.)  
MUSKOGEE, Okla., July 29.—Two years ago on an afternoon just before the national election, Miss Alice M. Robertson, gray-haired, motherly, past sixty, sat at a table in her cafeteria here and across a bowl of soup she told a friend:

"I am going to congress."

She was elected and became the only woman in the present congress, but it was said of her—and she resented it—that she "rode to congress on a sea of soup."

This afternoon Miss Alice, her hair a little grayer, her stout figure as matronly, her sharp eyes no dimmer, sat in her hotel headquarters, handed a friend a huge red and yellow peach, and said:

"I shall serve another term in congress."

"I shall be given a landslide vote over my opponent"—Gus Tinsche, oil man—"and I shall defeat at the general election which ever of the Democrats is nominated."

**Democratic Candidates.**

The Democratic candidates for the nomination are Oscar Stewart, now superintendent of the Oklahoma school for the blind, and W. W. Hastings, whom she defeated for re-election two years ago.

"My campaign is finished," Miss Alice said as she munched an equally huge red and yellow peach.

Of course the charge by the Washington organization of the Women's International League for Peace and Freedom, Miss Alice would say nothing. She preferred this organization charged, "bullets to babies," attacking her stand against the Shepard-Towner maternity bill.

"I stand on my record—" it was her campaign bromide. She has read a verse from the Bible before each of her campaign speeches and still maintains her standard of two years ago, "a Republican."

She has made no campaign promises and has not even referred to her fight against the soldier bonus bill, which opponents claims will cause her downfall.

Ross Masters of Bluffs was a local visitor Saturday.

### GOES TO GERMANY TO INSPECT ZEPPELIN

BELLEVILLE, Ill., July 29.—Major Frank M. Kennedy, executive officer at Scott Field today said he had received orders instructing him to proceed to Germany August 2 as representative of the United States to inspect the construction of a Zeppelin airship to be built and turned over to the

United States. He has been stationed at Scott Field since September 26, 1921, to supervise the construction of a hangar which is nearly completed.

### OBERCHAIN JURY APPEARS DEADLOCKED

LOS ANGELES, Calif., July 29.—The jury deliberating in the second trial of Mrs. Madalynne Oberchain reported to Judge Shank late today that it was hopelessly deadlocked and asked to be excused. The judge refused and instructed the jury to reach a verdict if possible. They returned to the jury room to resume deliberations. The latest court room rumor is that the jury is divided seven to five, the majority being for conviction.

## RETURNS TO COLORADO AFTER CHAPIN VISIT

Mrs. Luther Brockhouse Leaves for Denver, Accompanied by Mother and Sister—Other Chapin Items of Interest.

Chapin, July 29.—Mrs. Luther Brockhouse, who has been visiting relatives and friends here for the past six weeks, left Friday morning for her home in Denver, Colo. She was accompanied home by her mother, Mrs. Addie White, and her sister, Miss Maud White, who will make an extended visit in the western city.

Mr. and Mrs. Fred Craven of Versailles visited friends here on Thursday.

Mr. and Mrs. Andrew Allen visited in Winchester Wednesday evening.

B. H. Allen came over from Versailles Thursday evening. Miss Ione Coultas, who has been ill for some time, has developed a case of typhoid fever. Miss Florence Buchanan, R. N., of Perry has charge of the case, which will give her mother, Mrs. Ellen Coultas, a much needed rest.

Mr. and Mrs. Monte Funk and Mrs. Ada Funk attended the Funk reunion Thursday near Exeter.

Mrs. Lloyd Ross of Jacksonville was the guest of her mother, Mrs. Ada Funk, Saturday night.

Mr. and Mrs. W. W. Anderson are enjoying a new automobile, the Hupmobile.

Miss Pearl Phillips visited with friends in Murrayville Thursday.

Two representatives of the anti-saloon league came into town Friday night with the intention of giving a debate on the question, "Can the Law Be Enforced?" As no one came up to hear them except Rev. Crabtree and Rev. Lough, the meeting was called off.

Cards were received here Saturday announcing the marriage of Miss Martha Lohman of Nashua, Iowa, to Alden Allen. The marriage occurred at Mason City, Ia., July 27th.

Mr. and Mrs. James Wall and family, M. Davis and Miss Grace Tilton all of Jacksonville and Miss Gladys Ryan of St. Louis were guests of Mrs. Phoebe Scott and Mr. and Mrs. E. Sidles Friday.

Arthur French will leave Sunday evening for Rome, N. Y., where he will spend the rest of his vacation with his sister, Ruth, at the home of their cousin, Mrs. Rena French Kessinger.

George Reed, an old resident of Chapin, but now residing in Mt. Vernon, is visiting friends here.

Hy Detmer and family will leave Monday morning for an automobile trip to points in southern Indiana.

Rev. O. V. Lough and family will leave Monday for a month's vacation trip, going by automobile to southern Illinois and Indiana.

Professor and Mrs. L. S. Hess arrived home Saturday from Champaign. The trip was made in their car.

## Havana Blend Cigars

### ALEXANDER

Mrs. Milton Ruble, daughter Josephine and son Elmore were Jacksonville visitors Saturday.

William Colwell, George Colwell, Francis Kaiser and Cloyd Douglas Beerup were in Jacksonville Saturday.

Miss Elmore has returned to her home in Mason City after a visit at the home of Mr. and Mrs. Milton Ruble.

Mr. and Mrs. C. F. Huster have gone to New Madrid, Mo., for a visit. Mr. Huster is timekeeper for the Lonegan Construction Co.

Miss Althea Hall, bookkeeper at the Alexander State bank, left recently for an auto trip to various points in Wisconsin, expecting to be gone a week or longer.

Miss Dovie Corrington was a Jacksonville shopper Saturday.

Wesley Robinson was a business visitor Saturday in Jacksonville.

## WINCHESTER FUNERAL LARGELY ATTENDED

Remains of Late Mrs. E. M. Gillham Laid to Rest Saturday Afternoon—Death Came After Long Illness—Other Winchester News.

Winchester, July 29.—The funeral of the late Mrs. E. M. Gillham was held at 2:30 o'clock Saturday afternoon from the Baptist church. The large auditorium and Sunday school room were filled with relatives and friends of the deceased, showing the high esteem in which she was held.

The choir of the Methodist and Baptist churches sang "Abide With Me," followed by a prayer by Rev. Mr. Elmore. Then Mr. and Mrs. S. G. Smith sang as a duet, "My Father." Mrs. Mabel Meisenbach of St. Louis sang "Beautiful Isle," after which Rev. W. R. Johnson read an obituary sketch and delivered the funeral discourse. The closing song by the choir was "Good Night."

The floral tributes were cared for by Misses Henrietta Hainsfurther, Bernice Bannas, Margaret Watt and Dorothy Hainsfurther. Interment was made in Winchester cemetery, the pall bearers being William Kuehler, W. B. Clark, George Berry, L. C. Funk of Manchester, W. D. Gibbs and George Hogan.

Among those present from a distance were Mrs. Howard Gillham of San Francisco, Calif.; James and Joseph Winterbottom of Chicago; Mr. and Mrs. L. C. Funk and Mrs. Anna McCarthy of Manchester; Mr. and Mrs. W. A. Winn, Mr. and Mrs. James Bishop, Mrs. Laura Fritchard, White Hall; Mr. and Mrs. J. N. Peters, Mr. and Mrs. C. N. Priest and daughter, Miss Eula and a number of relatives and friends from Merritt and Riggsdon.

### Obituary Facts

Ida Bunce Gillham, daughter of James and Louise Bunce, was born near White Hall, Sept. 30, 1861. In the home circle were two older sisters, Eva May and Nellie. After the birth of Ida the family removed to Palmyra where the home was maintained for seven years, and after the death of the father the family removed to White Hall.

As a young woman the deceased was converted under the pastorate of Rev. Mr. Green and united with the Baptist church. Through all the intervening years her life was one which fully accorded with the teachings of that denomination. She was a member of the Ladies' Aid of the Baptist church and was active in other lines of religious work.

On May 16, 1888, the deceased was united in marriage to E. N. Gillham of the vicinity of Merritt, and it was there that the home was established and many friendships formed which lasted through the after years.

In 1902 the family removed to Winchester where their sterling qualities soon won them many friends.

On February 4th of this year Mrs. Gillham suffered a paralytic stroke, and since that time her condition has been one which has called for the most wonderful fortitude. Her death came on Thursday, July 27.

### News Notes

Miss Eva Smith of Chicago, who has been visiting relatives near Glasgow, is now in Winchester for a visit with Mr. and Mrs. Joseph Montgomery.

Miss Georgia Taylor of Pekin is here for a visit with her parents.

Any \$2.00 or \$2.50 straw hat \$1.00 at Tomlinson's.

## JOY'S GARAGE OFFERS SPECIAL SERVICE TO LOCAL MOTOR OWNERS

A new type of service to automobilists is offered to Jacksonville motorists in the announcement by the United Auto Service that Joy's Garage of this city associated with a large number of garages throughout the State is the official service station for Jacksonville and vicinity.

For a fixed fee for the year, the United Auto Service agrees to perform certain services for the member, such as towing in, whenever necessary and at any time, delivering gasoline and oil anywhere within twenty-five miles of the service stations, without additional cost. Agreement is made to deliver and put on tires, correct mechanical faults in a stalled car, crank-case service and other similar service often needed by cars and their owners.

Another feature of the service rendered is that the corporation issues a credit card good for any amount up to \$100.00 which may be used at any one of the service stations by the members. Service stations are being located throughout this and adjoining states and all of the service stations co-operate with the local service station to render the above service to every member of the United Auto Service Club.

## RADIO APPARATUS ATTACHED TO CAR

A radio apparatus is to be installed in the car of Mr. and Mrs. Earl Long of Cass county, who are to start for a western automobile trip soon. They are to be accompanied by Mr. and Mrs. Russell Long. The idea is to have the radio apparatus for entertainment features during the journey.

### GOING TO KEOKUK

Coroner and Mrs. Charles Ross expect to go to Keokuk, Ia., today for a few days' visit with relatives of Mrs. Ross. If road conditions are satisfactory they will drive thru. Equine A. B. Opperman will serve as deputy coroner during the absence of Coroner Ross.

## AUTOMOBILE AND HAND CAR COLLIDE

Joseph Creed, C. & A. Section Hand, Injured in Collision Saturday Morning Near Prentice.

An automobile driven by Ralph Megginson and a motor hand car on the Chicago & Alton road came into collision Saturday morning about 10 o'clock at a point two miles south of Prentice. Joseph Creed, one of the section men, was so badly injured that he was removed to Passavant hospital.

Mr. Creed, whose home is in Prentice, sustained a bad scalp wound and a broken ankle. Four other men who were also on the car were all slightly injured.

In the car with Mr. Megginson were four children and while all were considerably shaken up by the collision, none of them were seriously injured.

The crossing where the accident happened is considered a dangerous one, and Mr. Megginson did not see the approaching hand car until too late to avoid the collision.

## DOLLAR DAY Tuesday, Aug. 1st

### MISS MILLER WEDS W. D. BLAIR OF TEXAS

Bride is daughter of Rev. and Mrs. J. W. Miller, former residents of this city.

The marriage of Miss Kathryn Marie Miller, daughter of Rev. and Mrs. J. W. Miller, for several years residents of Jacksonville, to Mr. W. D. Blair of Houston, Texas, was solemnized recently in Oklahoma City. A newspaper account of the wedding included these paragraphs:

"The wedding of Miss Kathryn Marie Miller and Mr. Winifred Dyer Blair was solemnized Tuesday afternoon at 8 o'clock in the home of the bride's parents, Rev. and Mrs. John Wesley Miller, 1139 North Lott Avenue, South-eastern, fern and baskets of gaily colored garden flowers decorated the rooms, the ceremony taking place before an improvised altar of greenery and shasta daisies.

Preceding the reading of the marriage vows by the bride's father, Mrs. Lionel Scott played Schubert's "Serenade" and "Salut D'Armour" by Elgar. Miss Madeline Ensworth sang Cadman's "At Dawning," with violin obligato, which was followed by the bridal chorus from "Lohengrin" and Mendelssohn's "On the Wings of Song" played through the ceremony.

Miss Josephine Miller, a sister of the bride, who was her only maid, wore a gown of sunburst taffeta trimmed with gold lace and carried an arm bouquet of roses and summer lilacs with lavender ribbon. Katherine Blair, niece of the groom, in frock of lavender organdie carried a basket of rose petals tied with lavender tulle.

The bride's gown was of white georgette crepe embroidered in pearls and bugle beads made over white satin. Her veil of tulle was beautifully draped and caught

with orange blossoms, while her flowers were a shower of roses and lilies of the valley.

Mr. Malcolm Miller, brother of the bride, acted as best man for Mr. Blair.

The bride, who is a charming young woman, is a graduate of De Pauw university, a graduate student at Columbia university and has done special work at the University of Illinois. She is a member of the Alpha Phi Omega sorority.

Mr. Blair, who is the son of Mrs. W. J. Blair of Lake Charles, La., is a graduate of the Southwestern university and a student of the Chicago university. He is a member of the Phi Delta Theta fraternity. During the war, Mr. Blair was a commissioned officer in the aviation corps. Since the war Mr. Blair has acted as boys' secretary of the Young Men's Christian association of Houston. The young couple are to live in Houston.

### C. B. & Q. HAS NO THOUGHT OF ANNULLING TRAINS

A message received by E. F. Mitchell, local agent of the C. B. & Q. yesterday from Albert Cotsworth, assistant general passenger agent, set at rest the rumors that trains No. 11 and 12 on this division of the Burlington are to be annulled.

Mr. Cotsworth stated that up to this time no annullment of the trains mentioned has been considered. He said further that if a coal shortage should later require train annullment that the Jacksonville line will be given just as favorable consideration as other parts of the Burlington system.

This message came to Mr. Mitchell after the Chamber of Commerce had sent a message to him telling him that such a rumor was current and expressing the hope that the action would not be taken.

READ THE JOURNAL

## All Ready for City's Biggest Bargain Day

Everything is in readiness for Dollar Day next Tuesday, August 1. This means that the 120 Jacksonville merchants who are co-operating in the movement have all their preparations completed and the people here about will see bargains that only the words "big" and "genuine" can describe.

A perusal of the various pages of the Journal this morning will give the reader the details of some of the bargain offerings. Everything possible will be done to take care of the crowds. Business men will leave their cars at home or park them on side streets, thus leaving the entire square for the use of visitors.

Miss McGinnis will be in charge of the Chamber of Commerce nursery and mothers may leave

their young children there with a definite feeling of security while they are shopping.

Altho the list of Dollar Day specials announced is so large, the merchants have other offerings just as attractive which they have not been able to enumerate.

The best advice to offer is "do your shopping early." There is of course the chance that the supply of some of the bargain specials may not be equal to the demand and those who come first will be the first served and so will be certain of securing all the goods they desire.

The early shopper always gets the pick of the stocks and that is true of Dollar Day sales just as it is of other events.

### CHANGE IN LINEUP FOR GOLF MATCH

Osborne Will Be Paired With Keywood and Masters With Flood for Inter-city Contest—Record Crowd Expected to Be on the Course.

A change in the lineup for the big golf match between Jacksonville and Springfield at Nichol's park today has been announced. The change has become necessary because of an error in the official score which has been recently discovered. Marcy Osborne will play with Jack Keywood, the local professional, while A. M. Masters will be paired with Leo Flood. The change will not make any particular difference in the match with the exception of the pairing of the players.

Several hundred golf fans are expected to be on the greens this afternoon at the start of the contest. Walton, the Springfield professional, and Keywood are expected to play in fine form, and it is not at all unlikely that new records will be established. The visiting players will play around the course several times before the match so as to familiarize themselves with the lay of the land.

Boys' \$1.50 and \$2.00 Palm Beach pants \$1.00 a pair on \$ Day at TOMLINSON'S

### BIRTHDAY DINNER AT WOODSON HOME

Miss Maurine Self Entertains Friends in Honor of Birthday Anniversary—Other Woodson News.

Woodson, July 29—Saturday was the fourteenth birthday of Miss Maurine Self and the occasion was very pleasantly observed. A limited number of the young lady's friends were invited to the home of her parents, Mr. and Mrs. J. T. Self, and spent several hours very pleasantly with games of various kinds. At 6 o'clock an elaborate dinner was served and in every way the occasion was a happy one.

Mr. and Mrs. John Clark of Jacksonville visited Friday afternoon with Mrs. L. P. Fisher.

Mrs. Emily Anthony, who has been in poor health for the past several months, was reported to be in a serious condition Saturday.

**A WONDERFUL FURNACE**

**BRADY BROS.**

Mrs. Trilby Methven of Centralia, is in the city as a guest of Miss Ora Blair during her vacation. Miss Blair is bookkeeper; Wheeler's tire and battery store.

### MANY BETTERMENTS PLANNED FOR I. S. D.

Col. Smith Asking for Appropriations of \$368,000 for School—Department for Deficient Children Considered.

Col. O. C. Smith stated yesterday that he will ask for an appropriation of \$368,000 for improvements at the State School for the Deaf, for the coming year. He said that this amount would secure for the school improvements that have been long necessary.

"Altho this is a large sum of money, it is no more than is necessary that our unfortunate children shall be properly cared for. Improvements have been necessary by the fact that all buildings have been allowed to fall into bad repair, and no great amount of money has been spent on the local school for a long time," said Col. Smith.

The plans outlined contemplate the erection of a modern hospital and the use of the present hospital for dormitory purposes.

A new power plant is proposed, the present power house to be rebuilt into a modern gymnasium and the old gymnasium converted into dormitories.

Quarters separate from the institution are suggested for the managing officer. In event these are provided, the quarters now occupied by the managing officer and his family are to be turned into living rooms for others associated with the management of the institution and club rooms for the pupils.

A new barn building is recommended, the present structure to be refitted into paint, tin and tailor shops. The plans contemplate the removal of the brick pavement now in the yard and extensive landscaping work.

In the work of remodeling and suggested changes of quarters, Col. Smith has sought to follow out plans that will save as much new building expense as possible and utilize the old buildings to the greatest advantage.

The main building at this school is the oldest state institution building in Illinois and was erected in 1847. After all these years it is not surprising that repairs are needed.

The most important item in this program of improvement relates to the rebuilding of the present isolation hospital, to which according to the plan, dining room, school room and kitchen will be added. When thus arranged the building will be used as a school for backward children, either deaf or blind. It is said that many children that are backward could be brought to at least 80 or 90 per cent efficiency if given proper instruction early enough in their lives.

Children of this kind are not given a fighting chance for normal development under the care and instruction of experienced people, become permanently deficient. If the parents wait until the child is 12 or 14 years of age before it is given training, the battle is usually half lost before it is begun.

Col. Smith has consulted Dr. Adler, the state criminologist, and Miss Mary Humphreys, secretary of the department of public welfare, and both are enthusiastic over the plans to establish this department for deficient children.

The idea has been worked out in only three states, Kentucky, New Jersey, and Missouri and has been found to be exceedingly practical and useful. If this appropriation is secured Jacksonville will have the honor of contributing to the welfare of the unfortunate children of the state by having the pioneer school of this type in Illinois.

### HARDING'S PLANS FOR STRIKE SETTLEMENT

WASHINGTON, July 29.—President Harding has reduced to writing and forwarded to the chief representatives of the striking railway workers and of the railroad executives his plan for settlement of the railroad strike, it was learned tonight from advisers of the executive.

### MEAT SHOP HELD UP BY BANDITS

BLOOMINGTON, Ill., July 29.—Four bandits held up the meat shop of Mulheisen & Ryan, 702 West Chestnut street, at 8:10 o'clock this evening and after compelling the owners to open the safe, forced them into the ice box and fled to an automobile where the fifth man waited. The sum of \$225 was obtained. All were described as being masked, about 25 years old and well dressed.

L. Simmons and wife were over to the city from Mt. Sterling yesterday.

### ELKS WILL OPEN POOL ON THE FIRST

Swimming Pool Will Be Open Tuesday Morning—Society Considered Will Be Allowed Swimming Privileges.

It was announced yesterday by H. L. Caldwell, exalted ruler, that the swimming pool in the Elks' club house will be opened at nine o'clock on the morning of Tuesday, August first. Many improvements have been made on the pool by the Elks, the floor, walls and pool have received a new coat of enamel and the room has been improved in looks.

One of the best features is the fact that the friends of the Elks will be allowed the use of the pool for a fraction more than the nominal fee paid by the Elks themselves. Privilege tickets may be issued by each Elk to his friends. The men and boys of Jacksonville have been much in need of a good pool ever since the Y. M. C. A. went out of active business, and will greet this announcement with joy. Credit should be given to the Elks for this generous offer to their friends.

Soap and towels will be furnished by the club, but each swimmer must furnish his own bathing suit and see that it is laundered after each swim.

Every bather must take a shower bath before entering the pool and no one with an infectious disease will be allowed to enter.

No boy under sixteen will be allowed in the pool unless his parents or guardian are with him.

The officers of the club hope that every member will take advantage of the fine swimming privileges.

**\$1.50 and \$2.00 Hatch 1 button union suits, \$1.00 each on \$ Day at Tomlinson's.**

### DEATHS

Daniel

The death of Paul Edward Daniel son of Mr. and Mrs. James F. Daniel, came at 2:30 o'clock Saturday afternoon at the family home seven and one-half miles northwest of the city. The child had been ill only since Monday.

The deceased was born May 6, 1920, and is survived by his parents and one brother.

The funeral will be held at 3 o'clock Monday afternoon at Arcadia church, in charge of Rev. Mr. Wallace of the M. P. church at Concord. Interment will be in the Arcadia cemetery.

Allen

Edward Emerson Allen, son of Mr. and Mrs. James W. Allen passed away at 5:30 o'clock Saturday afternoon at the home, 8 miles southwest of Jacksonville. The child, who was born May 2 of the present year, had been delicate all his life.

Surviving are the parents and two sisters.

Funeral services will be held Monday afternoon at 2:30 o'clock in charge of Rev. F. E. Bracewell. Burial will be made in Diamond Grove cemetery.

### ROAD BETWEEN WHITE HALL AND ROODHOUSE CLOSED

White Hall, July 29.—The highway between White Hall and Roodhouse was closed today between the north city limits of White Hall and the south city limits of Roodhouse. From now henceforth it will be necessary to detour at the C. B. & Q. crossing at the north city limits of White Hall, turning west and following the marked route that brings traffic to and from Roodhouse via West Roodhouse. From Roodhouse traffic should turn at Palm street and go via West Roodhouse to White Hall. There is another

route between White Hall and Roodhouse via Clay City with identical the same mileage as the chosen detour route, but the roads are not so good as the route chosen. Besides the marked detour will be found readily accessible to tourists. This detour will be in force for some three months.

**CARD OF THANKS**  
We desire to express our heartfelt thanks to neighbors and friends for their many acts of kindness during the illness after the death of our little son, Ralph Reynolds. The sympathy shown will never be forgotten.

## TENNESSEE PRIMARY THURSDAY AROUSES NATIONAL INTEREST

**Held to Name Party Standard Bearers for  
the November Elections—First Test of  
Strength Since State Broke Away from  
Democratic "Solid South" Two Years Ago**

(By The Associated Press)

NASHVILLE, Tenn., July 29.—National interest centers in the outcome of the Democratic and Republican primaries in Tennessee on Thursday next, August 3rd, when the party standard-bearers for the November contest will be chosen.

The selection of the party nominees will precede the first test of party strength in the state since Tennessee broke away from the Democratic "solid south" two years ago and gave its electoral vote to President Harding and elected a Republican governor. The candidacies of Cordell Hull, the Democratic national chairman, and Finis J. Garrett, acting Democratic house leader, have focused the eyes of party leaders in other states on the result in Tennessee. A United States senator, governor, members of the legislature, ten member of congress, and a member of the railroad commission are to be selected in November.

United States Senator K. D. McKellar is opposed for renomination on the Democratic ticket by Captain G. T. Fitzhugh, of Memphis, former Representative T. W. Simm of Lexington and Noah W. Cooper of Nashville. Senator McKellar is asking for another term on his record which Captain Fitzhugh is attacking. Mr. Simm is urging acquisition by the Government of real estate owned by the railroads and its lease to the operating companies while Mr. Cooper is known as an advocate of strict enforcement of Sunday "blue laws."

**Cordell Runs Again**

Cordell Hull, who went down to defeat in the republican landslide of 1920, is unopposed for the democratic nomination for Congress in the fourth district. He will oppose Representative Clouse, republican, who beat him two years ago.

The return of Representative Garrett, acting minority house leader, on the democratic ticket is being contested by W. W. Craig of Ripley. Representative Davis Byrns and Fisher are unopposed

for renomination. There are contests for the republican nomination in the first, second, and third districts, and for the democratic nomination in the seventh, eighth and ninth.

Judge S. D. McReynolds is being put forward to lead the right to regain nomination for Governor. Benton McMillan, a former governor, former member of Congress, and minister to South American republics under the administration of President Wilson is opposed for the position by Austin Peay, Clarksville lawyer, Harvey H. Hannah, former Adjutant General and present railroad commissioner from East Tennessee, and former state senator L. E. Gwinn of Covington. Tax reform and retrenchment have figured strongly in all of the appeals of the various candidates.

**Taylor Unopposed**

Governor "Al" Taylor, the incumbent, is unopposed for the republican nomination. He has been taking the situation quietly, republican leaders say, and telling the story of his famous fox hunt "Old Limber" to all callers. (Continued on Page 12.)

## STORY OF THE HEAD HUNTERS OF SOUTH ASIA INTERESTING

**Travelers Return from Eight  
Months Spent Among  
"Was"**

RANGOON.—(By The Associated Press.)—Ralph E. Henderson, a Harvard graduate who has spent the past eight months traveling in southern Asia, has just completed a trip thru the British "unadministered territory" of northeastern Burma and into the Chinese province of Yunnan, neither of which have been thoroughly explored by white men.

Among the wild tribes encountered on this trip were the head-hunting "Was." Hitherto little has been definitely known concerning the life and customs of this tribe, as most of those who intruded upon their territory failed to return. The Was do not hunt heads primarily from cannibalistic motives, but rather because of their belief that their crops will fail unless some fresh human skulls are imported every year. Under this impression, they organize head-hunting expeditions every spring, and it is small consolation to the unfortunate traveler who falls into their hands that it is only his skull that is wanted.

**History of Tribe**  
Writing of the wild "Was," Mr. Henderson says:

"The 'Was' are especially keen on hunting heads during February, March and April—just before the planting season. From the 'Was' angle of looking at it, the business isn't the madness we take it to be. It is a convention, and quite as reasonable as after-noon tea. Every recently religious 'Wa' knows that unless the seed grain is properly charmed and conjured with a human head the crop raised from it will be a failure. And who wants to starve? In fact, if worst comes to worst, and there are no heads forthcoming from raids on neighbors, the 'Was' prefer to take the head of some feeble minded person in the village, rather than run the risk of scant crops and consequent empty stomachs."

"In February, March, and April then, the wild 'Wa' men go head-hunting. Of course, any head that offers itself to be collected is regarded as fair game, and it behooves the man working alone cutting jungle or the woman hoeing alone in the field to be cautious when the 'Was' are about. A common artifice is to barricade some jungle highway and lie in ambush, some just behind the barricade, some on either side, to rush down on the flanks of any party caught in the trap."

"Heads of men, women and children over 12 years old are acceptable. Heads marked with small-pox, for superstitious reasons are not desired. A successful foray is one which yields one or more corpses, immediately the heads are cut off and put in bags. Then back home go the rejoicings 'Was', not neglecting to take the bodies along for the larder, and raising a tremendous whooping and hubbaloob along the way. At home there is a ceremony to perform. The wife or mother of the man who made the kill takes the head out of the bag and proceeds to wall over it formally. She must wash the blood from the dead face, and wall an incantational song as she does so. She must work herself into a sentimental frenzy, which feat under the circumstances is usually easy of performance. If her wailing lacks the ring of genuineness, her husband helps to supply that which is lacking by beating her."

"This song, strangely enough, beseeches the aid of the spirit of the head, and addresses it as a mighty ruler. It is this spirit which is to promote the growth of the crops, and it must be treated with great reverence. I heard this song once."

"After the head has been washed and wailed over, a raw egg is put into the dead mouth, to feed the spirit. Then the head is thrust up on a pole. A basket of seed paddy (rice) is put under the head and left for a few days. As the head decays, the droppings fall into the seed paddy and are thoroughly mixed with it. The paddy is then ready to plant, and a good crop is insured."

**FROM AUTO TRIP**

Mr. and Mrs. G. B. Andre have returned from their auto trip to Wisconsin and report a very pleasant journey. Their time was mostly spent at Green Lake, where they took in, going and coming, Berlin, Rockford, Beloit, Janesville, Watertown, Waupun, Rippon, Fond du Lac, Chicago and other places. Mr. Andre is enthusiastic over the fine manner in which roads and trails are marked. Even in cities the driver doesn't have to inquire the way at all. He says the worst piece of road he found was this side of Alexander.

**IMPORTANT MEETING**

AT BROOKLYN CHURCH  
There will be a meeting at Brooklyn church at 7:30 o'clock Friday evening at which time every member of every committee is asked to be present and report with reference to the burgoon picnic on Tuesday, August 8.

**ENTERTAINED AT DINNER**  
Rev. and Mrs. Sloden, Mr. and Mrs. Ellis More, Mrs. Williams and granddaughter, and Mrs. Mary Clark were entertained at dinner Saturday at the home of Mr. and Mrs. Austin Carter on Superior avenue.

## Babson Expects Higher Prices Industrial Stocks Should Benefit

WELLESLEY HILLS, Mass., July 29.—When interviewing Roger W. Babson regarding the coal and oil strikes, Mr. Babson did not seem surprised with recent developments. He believes that things are working out in a natural way and all interests are going the best they can with a bad situation. What seems to interest Mr. Babson most is the possible effect on prices in general following the strike settlements. Discussing this possibility he says:

"The strikes while in progress naturally put a general damper on business. They have a disheartening effect on producers, jobbers and retailers. Wage-makers have less to spend and manufacturers are less interested in pushing their business. All of this tends to hold up trade in general. Yet during this period of strikes, people are living, eating and dressing just as if no strikes existed. Houses are deteriorating, young folks are getting married, children are being born, clothes are wearing out, and merchandise in general is being consumed. If deterioration and consumption were suspended during the depression of labor strikes then strikes might be good for the country at times. Unfortunately, however, the deteriorating and consumption goes on even the retail purchases decline."

"This means that after strikes are settled there is a general rush to buy. The wage workers when returning to work again feel prosperous. They and their families rush to the stores and purchase goods. The group of industries which have been involved in the strike immediately receive an avalanche of orders. They in turn feel prosperous and order new machinery and quantities of supplies. This sudden increase in business from both wage workers and employers is quickly felt by the jobbers who in turn pour in orders upon the manufacturers."

"The immediate effect of this is to cause a temporary scarcity of goods which in many instances results in the raising of prices. Therefore, I should not be surprised to see an increase in the wholesale prices of many products this fall. In some sections of the country there will be a distinct shortage in some lines of goods. Merchants, therefore, are justified in stocking up now for fall and winter trade. Those who have contracts to fill should see that these contracts are well covered. When business is so dull, as it is at present, it is hard to believe that a few months can see a radical change in the situation. Such is possible, although price increase may be more or less of a temporary nature. I say 'temporary' because after the next spurt in commodity prices, there will probably be another break which will make the general price

level even lower than it is at present. After this next upward movement, the general trend of commodity prices may be downward for some years to come.

"Some of the basic commodities are already showing an upward tendency. Sugar, for example, which has been such a drag on the market during the past two years, has already begun to strengthen, and people are well justified in again buying sugar by the barrel. Linseed oil is firmer. The demand has greatly improved and the outlook is very much brighter. I predict further advances for linseed and should not be surprised to see raw linseed oil sell for one dollar or over. This is the general result of the large amount of cotton now in progress and the consequent demand for paint. Cotton is still strengthening. The recent estimate published shows that the 1922 crop will scarcely be sufficient for the world's needs. Still higher prices for cotton may be expected. Steel prices are firm with rising cost of production and a fair increase in demand. Both coal and coke prices are strong. Pig iron is in fair demand and strong. Zinc is more active while prices are low they are firm. The same applies to tin and special copper. Copper is the last metal to feel the effects of price movements and copper is sure to sell higher during this coming year following the strike settlements. The basic commodities which now look weak in the market are lead, rubber and probably petroleum. Petroleum is in a very interesting position. The market is controlled and there never was a time, even during the palmiest Standard Oil days, when the oil price situation was so under the absolute control of a few men. On the other hand, there is a tremendous amount of oil in storage and statically the oil situation is weak. Altho I cannot get anyone to agree with me, I believe that oil is at any time liable to break in price."

"What will this mean to the stock market? It looks to me as if this would be a benefit, especially to the industrials. The clean up of the strike situation should help the whole market. However, any stocks purchased now should be selected with great discrimination, only after careful study and consultation. Statistics, however, clearly indicate that we are still in a bull market and the break of the past few weeks was only a natural action of a general upward movement which will not culminate for some months yet."

General business as reflected in the Babson chart stands at 11 per cent below normal, an improvement of two per cent since last week. This week's figure marks the highest point since January, 1921.

## FIND TEMPORARY LEADER IN INDIA FOR HINDU GHANDI

Mohani, Man of Education  
and Wide Attainments

CAWNPORE, India.—(By The A. P.)—Maulana Hasrat Mohani, who, in some quarters at least, has succeeded Mahatma Gandhi in the active leadership of Indian nationalists, has had a wide experience in the promotion of Indian movements. Unlike Gandhi, who is a Hindu, Mohani is a Mohammedan. He is now president of the United Provinces Provincial Congress Committee and was recently elected president of the All-India Moslem League.

In 1904, Mohani received the degree of Bachelor of Arts from Sir Syed Khan's Mohammedan College. His first political venture was the establishment of a Mohammedan newspaper, printed in the Urdu language. This paper called Urdu-mualla, did much toward arousing and uniting the Mohammedan community. From this time he began attending the annual meeting of the Indian National Congress and publishing in Urdu reports of the proceedings.

**Charged With Sedition.**  
In 1908, Mohani was charged with sedition on account of an editorial which appeared in his paper on the English policy in Egypt. Altho this had been written by a student in Aligarh College, the editor was held responsible for it and was sentenced to two years' imprisonment and a fine of 500 rupees.

Upon being released from jail, he started his newspaper again, and also opened a store where Indian products of daily use were sold. At first, he was compelled to work under great financial difficulties. Subsequently his paper was again stopped by the government, and he started another.

On several occasions, restraints have been imposed on Mohani by the government, but the last of these were removed last December. He now has a large following among Indian nationalists in spite of the fact that on some occasions he was opposed, not only Lord Reading's government, but Gandhi as well. By his opposition to Purdah (the confinement of women) he has drawn on his head the opposition of some of the more orthodox Mohammedans.

Mrs. Walter Ealy and daughter, Mrs. Jack Leach, Mrs. Carrie Dies and Mrs. Edward Hoffman and two children left last night for a stay of six weeks or more in Pueblo, Colo.

## WARDEN OF MICHIGAN PRISON SAYS WARDS HONORABLE PERSONS

**Gives Interesting Account of Experience  
with Prisoners in his Charge—Cites Concrete Examples to Prove Opinion—Believes Has Record Prison Honor System**

(By The Associated Press)

JACKSON, Mich., July 29.—The inmates of a prison are as honorable as the people outside its walls, according to Harry L. Hurlburt, warden of Jackson prison, Michigan's largest penal institution, and one of the leaders in modern prison reform movement.

Several weeks ago Warden Hurlburt persuaded Governor Groesbeck to sanction the removal to Camp Custer near Battle Creek, of 60 "honor men" from the prison for service in building several structures needed for the Roosevelt American Legion hospital.

The men went to the camp without guards. They were told if they remained on the premises until fall, performed a good day's work each day, and followed faithfully the simple rules they would walk from the shadow of the prison walls forever when the work was finished. This in spite of the fact that many of them still have as many as ten years to serve.

Since the "honor men" went to Custer 55 have kept the faith. The other five have broken their contract in one way or another and today are back at Jackson working inside the walls. Each of them has forfeited his right to a shorter term. Each will serve his sentence to the last minute.

**Record Honor System**

Warden Hurlburt believes he has set a record in the prison system. He believes the percentage who have not kept the faith is remarkably low. It caused him to make this statement:

"I will defy any contractor to take 60 average men outside of prison, put them to work on a job for the summer, tell them not to leave the place until it is finished and have 55 men left by midsummer. Before I entered prison work I was a contractor. I have handled hundreds of men doing similar work and I know what I am talking about. It simply couldn't be done."

Then Warden Hurlburt preached a sermon in a few terse sentences. He was speaking to every one outside of prison. The sermon went something like this:

"To succeed the honor system must have the support and respect of the community outside. The public must help in the uplifting and retraining of the unfortunate. Unless the public gives this help the honor will fail."

**Wrong Encouraged**

"If those who call themselves free men deliberately put temptation in the paths of men on their honor the system will be lost. I have known persons living near prison farms to encourage inmates to do wrong."

"The honor system is right. It is putting into practice the precepts laid down in The Sermon on the Mount. The only fault in the entire system rests on the shoulders of the general public because that public often does not cooperate with the prison officials in keeping both the honor men and those who have been paroled from prison on the right path."

## BAR ASSOCIATION TO MEET IN CALIFORNIA

**Annual Convention to Be Held In  
San Francisco Early In August  
—Noted Speakers to Appear on  
Program.**

San Francisco, July 29.—(By The Associated Press.)—Lawyers and judges to the number of more than 2,000 are expected to come to San Francisco early in August to attend the 1922 convention of the American Bar Association, the National Conference of Commissioners on Uniform State Laws and the annual meeting of the California State Bar Association. The commissioners meet August 2, 3, the state body convenes August 7 and the national association on August 9, 12.

Several noted speakers are to address the organizations, names on the program including William Howard Taft, chief justice of the United States, Vice President Calvin Coolidge; Chief Justice Lucian Shaw of the California Supreme Court, George W. Wickersham, former attorney general; Cordenio A. Severance, president of the American Bar Association, and Governor Henry J. Allen, of Kansas. It is hoped that Elihu Root, former secretary of state, also will speak.

Addresses are also to be made by two distinguished visitors, the Rt. Hon. Lord Shaw of Dunfermlin, representing the bar of Great Britain and M. Henri Aubepin, representing the bar of Paris. The committee reports in which a great deal of interest is being taken, will be presented. One is the report of the committee on promotion of American ideals, which will be presented by Martin J. Wade, of Iowa. The other is the report of the committee on law enforcement, presented by W. B. Swaney of Tennessee.

**VISITORS FROM QUINCY**

Mr. and Mrs. C. J. Fisher of Quincy arrived in the city for a brief stay before proceeding to their home by the river. Mr. Fisher is manager of the Kress store in Quincy and a gentleman of prominence. He and his wife had been on an eastern tour, visiting points in Ohio, Indiana and various places of interest along the way.

Austin Carter, who has been ill at his home on Superior avenue, is able to be out again.

## AMERICA DOES MUCH FOR PEOPLE OF ODESSA

**Conditions In Odessa Greatly  
Improved As Result of American  
Relief Administration Workers**

Odessa, July 29.—(By The Associated Press.)—American relief has done much for the people of Odessa.

Four months ago their condition was heart rending. In March and April the city streets were unlighted; starvation killed faster than the authorities could remove the bodies of its victims; the hospitals were ununspeakable distress and from them and the Children's Homes the death carts made constant trips day and night to the city cemeteries.

Workers of the American Relief Administration see today wonderful improvement. The people who walked dejectedly thru the streets three months ago now smile, and the children have begun again to laugh and sing and enjoy themselves. There are nothing like the careworn and hunger-pinched youngsters who slunk or crawled about in the spring.

Hospitals now conduct visitors thru their wards with pride for they have clean linen and ample medicine to care for their patients.

Storekeepers who in the trying days feared to resume activity thinking that desperate people looted their places, have reopened their doors and Odessa's shopping zone is functioning well. Government employees are better able now to do their work; hence the lighting plants and water pumping stations operate more regularly.

**REMARKABLE FISHING**

Here is the best fish story yet and from a wholly truthful source. Henry Daubert, Robert Loving, Clarence Means and Louis Long, all in the vicinity of Litterberry, went fishing with their hands in Big Indian creek and finding a muskrat hole into which fish had gone, and were trapped proceeded to haul them out. They captured nine weighing in all 24 pounds, cats and carp, one cat being 22 inches long.

Joseph Merichetti and family of Riverton, arrived in the city yesterday to visit Mr. Merichetti's brother who is a patient at a local hospital.

D. D., Editor

Golden Text: We know that to  
them that love God all things  
work together for good. Romans  
VIII 28.

**The First Return From Exile.**  
History presents no parallel to  
that caravan which issued from  
the brazen gates of Babylon,  
chanting to the accompaniment  
of taboret and flute. "When  
Jehovah led back the captives of  
Zion, we were like them that  
dream." \* \* \* They went laden  
with the spoils of Babylon, as  
their forefathers did with the  
booty of Egypt, and guarded with  
a calvario of a thousand horse-  
men \* \* \* The decree which made  
the journey possible is one of the  
marvels of history. A state paper  
unrivaled in the archives of na-  
tions. It cannot be accounted for  
sufficiently by the more intrinsic  
nobility of Cyrus' character. It  
involved the manumitting of cap-  
tives whose labor added to the  
wealth of the empire, while their  
superior intelligence and morality

exalted its civil service; it also  
included the surrender of prized  
treasures of conquest, besides in-  
curred so far offset any possible  
gains; as, for example, the erec-  
tion of a fortress upon the for-  
tifier of the empire, etc., that we  
are at a loss to account for  
this instance of unrivaled im-  
perial self-denial, unless we  
fall back upon the simple state-  
ment of the inspired historian  
that "the Lord stirred up the  
spirit of Cyrus." \* \* \* The re-  
sponse of the Israelites is almost  
as surprising as the decree it-  
self.

The present generation has  
been borne in Babylon. Like the  
canary in its cage, they rather  
liked and felt safest behind the  
gilded bars of a congenial serf-  
dom. They had built houses and  
planted gardens for themselves.  
There were seven hundred miles  
of bedouin-infested desert between  
them and Palestine, involving at  
least one hundred and twenty  
days of tedious marching. And  
when they should arrive, what  
would they find but heaps of  
ruins, affording hiding places for  
their hereditary foes? That, in  
spite of all those fifty thousand  
Jews—instinctly responded to  
Cyrus' decree, can only be ac-  
counted for by the further de-  
claration of the scribe; namely,  
that God raised "some word" as  
that translated "stirred" in the  
case of Cyrus) their spirit to go  
up to build the house of the  
Lord. There was a double stirring  
up; first of Cyrus, to issue the  
decree, and then of the people to  
obey it \* \* \* The return from  
Babylon was a diamond-point of  
destiny. The history of the world  
turned upon it. Had it not oc-  
curred Judah would have been  
as certainly absorbed by the  
heathen empire of the Euphrates  
as the lost tribes ever were.

The Hebrew Scriptures and  
ritual would have perished from  
the earth. The ruling idea of  
the Jewish faith, the person and  
office of the Messiah would have  
faded from the minds of men.  
The Jewish return from exile was  
therefore no inconspicuous epi-  
sode of a local and ethnic religion.  
It was an event in which all na-  
tions and all ages were concern-  
ed. As in all providential junctures,  
the men who contributed  
to this end built larger than they  
knew. This does not, however,  
discount their fortitude, piety,  
and patriotism. They were im-  
mortal heroes. The unnamed  
rank and file of them, as well as  
their well known leaders.

**Present Day Applications.**  
The poet says "the undevout  
astronomer is made." He who can  
count the stars, their multitude,  
magnitude, precision and not  
hear them singing "the hand that  
made us is Divine," is unsound  
in his reasoning." The poet might  
also have said "the undevout his-  
torian is made," he who can turn  
the pages of universal history and  
not see the hand of Providence in  
its events, he too is unsound.  
Even out of the horrid welter of  
the World War, changes that  
must ultimately work for good  
begin to appear. God makes  
man's wrath praise him and re-  
strains the excess of it.

**HUMAN EXPERIMENT HAS GOOD CHANCE**

Effort to Save Dying Hawaiian Race Has Every Chance to Meet With Success.

HONOLULU, T. H.—Hawaii's  
great human experiment—colo-  
nization of lands on the island of  
Molokai by Hawaiians and part  
Hawaiians in an endeavor to  
rehabilitate the dying race—has  
every chance of success, in the  
opinion of Dr. Elwood Mead,  
dean of the college of agriculture  
of the University of California  
and head of the California state  
land development board, expressed  
after Dr. Mead had made a  
survey of the lands available.

Dr. Mead was brought to  
Hawaii by the Homes commis-  
sion, which is charged with carry-  
ing on the project under the  
Congressional act providing for  
the experiment, in order that the  
committee might have the benefit  
of his advice and experience  
gained from colonization projects  
in California.

Dr. Mead's main criticism of  
the plans of the commission was  
that the land allotted to each

settler—twenty acres—would be  
too large, as it has been ascer-  
tained in California that a family  
without capital resources could  
not cultivate successfully more  
than from three to eleven acres  
of irrigated land.

Governor Wallace R. Farring-  
ton, ex-officio chairman of the  
Homes commission, pointed out  
that the rehabilitation law pro-  
vides a minimum of 20 acres of  
each homestead and that an  
amendment by Congress would be  
necessary before farms of lesser  
area could be allotted.

The commission announced  
that three families will be placed  
on the lands in August and four  
more lots would be ready for  
occupancy in September. A  
total of 22 lots will comprise the  
first rehabilitation settlement and  
the remainder are expected to be  
occupied before the end of the  
year.

**The New Series 6-66 Perfected Chassis**

The new Series Paige 6-66 Models are now ready for your inspection. We offer them as the most distinguished group of Motor Cars in the entire six cylinder field. No cars have ever won greater or more consistent endorsement from the motoring public. But now comes the final touch of Paige craftsmanship—the careful, painstaking, refining process which results in a perfected product.

So far as beauty of design and appointment are concerned, we leave that to your own eyes. Just now, we ask you to consider very briefly a chassis of one hundred point strength and efficiency.

**The Motor**

In every fundamental detail this great 70 horsepower engine remains unchanged. Two years of heroic service have failed to reveal a single weakness at any speeds or under any driving conditions. But many refinements and improvements of detail have brought the power plant close to perfection. The 6-66 now possesses the flexibility of an electric.

**The Frame**

The specially designed frame of the 6-66 has been still further reinforced by two additional cross members. This construction assures a frame of utmost stiffness and practically eliminates all possibility of weaving. It means giant strength where strength is an essential requirement.

**The Clutch**

The New Series 6-66 is equipped with a new type clutch—the greatest single advance ever made in clutch development. It is now actually possible to change from high to second speed when the car is traveling at 30 or 35 miles per hour. Never before has such smooth, velvety action been dreamed of.

**The Transmission**

A new and highly efficient transmission makes gear changing a delight. Here Paige engineers have secured the combination of vast strength and amazing quietness. One finger on the lever and the gentlest of pressure is all that is necessary for immediate action.

**Universal Joints**

Here is a splendid improvement—Universals that are permanently lubricated. No parts are harder to get at and no parts need more consistent oiling. In these sturdy, yet flexible joints, there is a complete solution of the problem, for they retain their lubricant tightly sealed against dust and grime.

**Snubbers**

Long 61-inch springs are a sufficient guarantee of smooth, easy riding qualities but when these are supplemented by snubbers you can imagine the result. No words can quite describe how the New Series 6-66 rides. But you can thank perfect distribution of weight, the unusually long springs and snubbing.

**The Axles**

Both front and rear axles are Paige-Timkens with all that this combination implies. There could be no finer construction—no better example of skilled workman-ship and highly tested metal. Front and rear, the Paige 6-66 carries the best axles that money can buy.

Such, very briefly, is the perfected chassis of the New Series 6-66 Models. It is one great union of strength and efficiency—a true Masterpiece of Mechanical Engineer-ing. It promises not only a newer, finer conception of Motoring, but years of full vigored life on the highway. We suggest that you see it today.

P. C. SOMERVILLE

Addressed several audiences in  
Jacksonville a few months ago.  
He pleased so much the Chautau-  
qua secured him for his lecture  
on "The Fundamentals of  
National Life." Endowed with a  
commanding presence and a  
powerful and pleasing voice, Mr.  
Somerville is a delightful speaker.  
He is in constant demand as a  
lecturer.

He comes to Chautauqua on  
Saturday, Aug. 19, for an after-  
noon lecture. He will be prelu-  
ded by the Sholle Orchestra, an ex-  
ceptionally good and popular musical  
family orchestra, which will also  
prelude Wassman, magician, in  
the evening.  
JACKSONVILLE CHAUTAUQUA  
Fri., Aug. 11 to Sun., Aug. 30.

## FORESTER FEARS FOR ILLINOIS TREES

Says They Are Passing High Estate on Farms—Are of Great Benefit to Man and Beast.

URBANA, ILL.—That silent symbol of beauty and utility, the tree, once respected above all other inanimate things of the farm, is passing from its high estate, R. B. Miller, forester at the University of Illinois fears.

A wind break in winter, a friendly shade in summer, a protection to both man and beast in and out of season, the tree was planted around the farm house and wherever else it could do good by the industrious farmer of 50 years ago. But today, Mr. Miller says, he has noticed "that these trees are reaching quite an age and many are beginning to fall into decay as trees will, in spite of the best of care." And the question is asked how will Illinois country lands look in another fifty years unless reinforcements are made.

In his travels over the state Mr. Miller declares he has become convinced of the necessity of calling attention to the benefits which may come from tree planting on the farm, leaving out for the moment the farm woodlot, which should be utilizing the waste land on every farm. In many parts of the state beautiful windbreaks and ornamental trees were noticed around farm homes, such as Norway spruce, the winter pine, and the European larch, or tall hedges of cedar. Just recently, too, in coming from St. Louis to Effingham, we noticed the blending of the apple trees with the lilacs and spiraea as we passed one home, forming a beautiful picture, framed by the taller trees of the windbreak, just as the landscape artist would desire it.

Pointing to the great work of tree planting on the farms of Canada and to the comments made by the farmers who have made this improvement, Mr. Miller continued:

Among the most common benefits mentioned were the facts the shelter belts and groves of trees checked the drifting of the soil, protected stock against the heat in summer and the cold winds in winter and further served as places for recreation. One says that trees brought more birds around, which helped in the destruction of grasshoppers and such pests. Another wrote, "The windbreaks are not only a protection to the fruit trees, shrubbery, etc., but they also prevent the snow from drifting into the yard and break the wind as well as improve the appearance of the place. And when the 'lean years' came, said another, the more home-like surroundings enhanced by a few trees helped to keep many a discouraged farmer on his land. Finally comes this: If we could get trees on every farm here it would be a wonderful asset to the country, besides a growing tree is a thing of beauty, and a home with trees and shrubs around it looks as if the owner was trying to make a home instead of merely a place to stay."

### THE INSPIRATION OF THE PELICAN

EL PASO.—It is ludicrous to say that the pelican is an inspiring bird from a point of beauty, but that this ridiculous looking creature furnished inspiration for the man who invented pneumatic tires and shock absorbers is the belief of J. Ellis McLellan, El Paso taxidermist.

The pelican nosedives from a height of 20 feet with open mouth into a pool of minnows and but for the pneumatic protection his neck would be broken by the impact, Mr. McLellan said. He has pneumatic skin almost an inch thick in the more vital points. His wings might be dislocated but for the pneumatic joints.

With downcast head the pelican allows the water to trickle through his jaws, leaving the minnows in his spacious bill pocket he then dozes in the sun, laughing in his sleep as the cloudburst minnows tickle his delicate sensibilities. On awakening he throws back his drowsy head—and swallows a minnow.

Now is the time to see Kane about that new top or seat covers for your car. Cherry Annex.

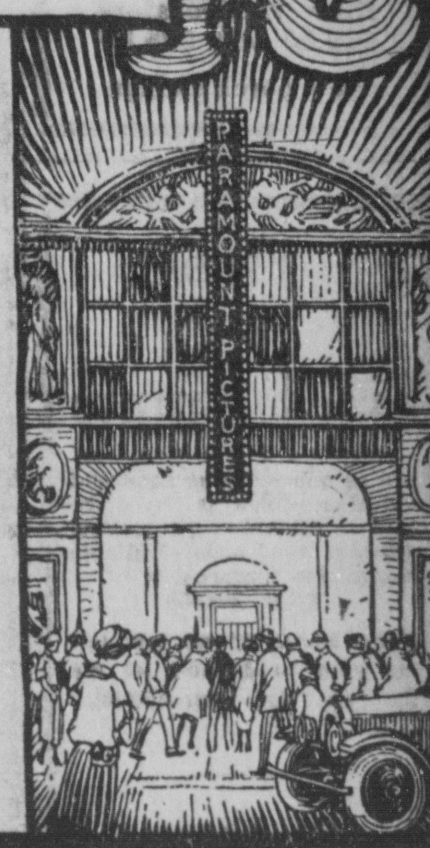

DIG DITCHES WITH DYNAMITE THRU SWAMPS CARBONDALE, ILL.—Digging ditches with dynamite through swamp country is a comparatively new process in use near here where the work of draining the Illinois Central swamps is proceeding. A single row of dynamite is placed along the line of the ditch to be blown, one stick to each hole, and spaced about 15 inches apart. The concussion of one is sufficient to detonate the whole line. Dirt and debris are thrown 300 to 400 feet in the air. A smooth deep ditch is the result. The ditch rapidly fills with water.

This swamp has been a mosquito breeding locality. The State Department of Health, the United States Public Health Service and the Illinois Central railroad are cooperating in the work.

EVANSTON, ILL.—Professor Henry Crew, physicist of Northwestern University, received the degree of Doctor of Science from commencement exercises this year.

Fresh English Walnut Halves, at MERRIGAN'S

# Paramount Announces its Greatest Program of Motion Picture Entertainment

**F**ORTY-ONE great new Paramount Pictures will be released in the coming six months beginning August 6th.

Your theatre manager is booking your photoplays now for the coming season.

Make sure that he is preparing to show you these Paramount Pictures.

It is for you that Paramount has worked out step by step, months in advance, this great program,

—gathered all the great geniuses of production—dramatists, stars, directors, artists, technicians—and supplied them with

every conceivable equipment to produce the most magnificent and thrilling pictures!

You are to be the deciding and endorsing factor in this audacious program of *Every Paramount Picture a Big Picture!*

Seize the opportunity in advance!

Telephone the theatre. Ask the manager "When are these Paramount Pictures coming?"

Get the day and date of showing for every one of the forty-one, and you are all set for the greatest shows of the greatest season in the history of entertainment!

*If it's a Paramount Picture it's the best show in town*

These are the forty-one new Paramount Pictures you should ask your theatre manager to book:

## Church Service Announcements

Grace M. E. church, Thos. H. Tull,  
pastor.—Sunday school 9:30, Thas. V.  
Hopper, superintendent. A class for  
all ages, strangers welcome. At 10:45  
Rev. Clyde Booth, pastor of the St.  
Paul's Methodist church of Decatur,  
will occupy the pulpit. At 6:30 the  
young people of this church will  
unite with the young people of the  
Baptist church in a union service at  
the Baptist church. On the lawn at  
7:30 the union service will listen to  
a sermon by Rev. Howells of the  
Baptist church.

First Baptist church—The Sunday  
school continues to meet at 9:30 a.  
m. in a comfortable auditorium and  
with a good program. A fine place  
to begin the week. The pastor, Rev.  
A. P. Howells, will preach his closing  
sermon before the August vacation  
on the subject, "Vacation Days." Miss  
Olive Engle will play and Homer  
Wood will sing. The Board of Deacons  
announce that there will be no  
preaching services at the church during  
August. All other services will  
continue as usual. The joint services  
of the Epworth League and the  
Baptist Young Peoples Union will  
be held at the Baptist church. This  
will take the place of the Union  
Young Peoples Fifth Sunday Rally  
which has been postponed until the  
month of October, owing to the dis-  
continuance of a number of the young  
peoples society meetings for the sum-  
mer. The open air service will be  
held on the lawn of the Grace M. E.  
church at 7:30 p. m. A. P. Howells  
will preach and Mr. Homer Wood will  
sing. Prayer meeting on Wednesday  
at 7:30 p. m. in charge of the deacons.  
The largest attendance of the  
summer greeted the speaker on last  
Sunday night at the union open air  
service on the lawn of the Grace M.  
E. church at State and Church street.  
This was made possible by another  
church joining in the out of door  
movement when the Central Christian  
church dismissed its evening service  
and united in the devotion at the  
twilight hour, making a total of nine  
churches that have co-operated this  
season. At the service on Sunday  
night which begins at 7:30 o'clock,  
Rev. A. P. Howells, pastor of the  
First Baptist church will preach on  
the subject, "Conviction." A service  
of song will be conducted by Rev. W.  
H. Marbach of the State street Pres-  
byterian church, and Mr. Homer Wood  
of Pisgah will be the soloist of the  
evening. Owing to the fact that  
there are but four young peoples so-  
cieties continuing their meetings dur-  
ing the summer, the union fifth Sun-  
day young peoples rally will not  
occur until October. The Epworth  
League and the Baptist Young Peo-  
ples union however extend an invita-  
tion to the members of other young  
peoples societies who are vacationing,  
to attend the joint meeting at the  
Baptist church on Sunday at 6:30  
p. m.

Northminster Presbyterian church,  
Walter E. Spooner, minister.—Sunday  
school at 9:30. Preaching at 10:45  
by the pastor. In the evening we will  
join in the union service at Grace  
church, at which Rev. Howells of  
the Baptist church will preach. Prayer  
meeting Wednesday evening.  
Ladies' Aid Thursday afternoon.

State Street Presbyterian Church—  
Rev. W. H. Marbach, pastor; T. M.  
Tomlinson, S. S. superintendent; Mrs.  
Barr Brown, choir leader; Mrs. Helen  
Blumar, organist. You are cordially  
invited to the services of this church  
Sunday school at 9:30 a. m.; morning  
worship at 10:45, with preaching by  
the pastor. Outdoor union services on  
the lawn of Grace church at 7:30 p.  
m. Rev. A. P. Howells, preacher.

Westminster Presbyterian Church,  
corner of Westminster street and Col-  
lege avenue. Bible school at 9:30 a.  
m. Beginner's class taught by Mrs.  
S. F. Davis from 10:30 to 12:00. No  
morning or evening worship. Congre-  
gation will unite in union services at  
Grace church. The Mission Study  
Class at 6:30 p. m., led by Miss Mar-  
garet K. Moore. Prayer meeting  
Wednesday evening at 7:30 o'clock.

Central Christian Church—M. L.  
Pontius, minister.—Bible school at  
9:30 a. m. B. O. Roodhouse, superin-  
tendent. The Loyal Men's Class will  
be taught by Rev. Bert Wilson. Morn-  
ing worship at 10:45 when Rev. Bert  
Wilson of St. Louis will occupy the  
pulpit. He will preach at the eve-  
ning service at 7:30. Solos at both  
church services by Mrs. Elmer Ellis.  
Christian Endeavor services at 6:30  
p. m. All not worshipping elsewhere,  
cordially invited.

Mount Emory Baptist church, cor-  
ner South Church and Marion streets.  
W. Henry Snowden, minister. Serv-  
ices at 10 a. m. and 8 p. m. Morning  
subject "Christ and His Friends." At  
this service Rev. R. H. Hackley, B. D.,  
pastor of Bethel and A. M. E. church  
will be the speaker. Evening subject  
"Inconsistent." There will be no  
Sunday school. At 2 o'clock the fu-  
neral of Miss Nancy Strange will  
be held. Baptist Young People's Un-  
ion will meet at 6:15 p. m. Thursday  
night the Williams Singers will sing  
at the church. They are the best  
singers you have heard of. Folks songs  
and Popular songs.

Bethel A. M. E. Church—R. H.  
Hackley, minister. The pastor will  
exchange pulpits Sunday morning  
with the pastor of Mt. Emory Bas-  
tist church. 11 a. m. sermon by Rev.  
H. Snowden. Theme, "In Christ's  
Stead." 2:30 p. m. Sunday School.  
Rev. J. W. Kirk, superintendent, 8:00  
p. m. sermon by the pastor. Theme,  
"Provident e." Text: "All things work  
together for good to them that love

God."—Rom. 8:28. The public is cor-  
dially invited.

Church of God—Sunday school at  
10 o'clock a. m. Preaching at 11:00  
a. m. Prayer meeting Thursday at  
7:30 p. m.

Congregational church — G. E.  
Stickney, pastor. Sunday school at  
9:30 a. m. There will be no morn-  
ing preaching service. The Ladies'  
Aid will meet at the church parlors  
Tuesday afternoon. Prayer meeting  
at 7:30 Wednesday evening.

**LIGHT USED CARS**  
Bargains. Three 1920  
Chevrolet touring. Two  
Ford touring.  
**J. F. CLAUS MOTOR CO.**

## FARM BUREAU NOTES

**Community Meetings**  
Meetings have been scheduled  
as follows for the coming year:  
Little York Schoolhouse Town-  
ship 14-8 Wednesday evening.  
Grace Chapel, Township 16-11  
Thursday. Zion Church Town-  
ship 13-10 Saturday evening.  
These meetings have been arrang-  
ed by John A. Brown, H. E. Ogile,  
and S. A. Bracewell. Motion pic-  
tures will be used at all of these  
meetings.

**Begin Canadian Thistle Eradica-  
tion Now**  
Like most of the noxious weeds  
in the state of Illinois, the Canada  
Thistle is an introduction from  
Europe. With few exceptions,  
farmers have gotten their thistles  
thru the purchase of impure seed.  
The Canada Thistle will continue  
to propagate and thrive with these  
folks unless they put forth some  
effort to eradicate it.

Weed laws for the control of  
the Canada Thistle were enacted  
in some states more than a century  
ago. Illinois has a Canada Thistle  
law which provides for the cutting  
of these weeds before seeding time.  
She also enjoys a seed  
law which controls the purchase  
of farm seeds containing Canada  
Thistle seed. With these preven-  
tive agencies at work the farmer  
should proceed to rid his fields of  
Canada Thistles.

It is the experience of most au-  
thorities that Canada Thistles pro-  
duce viable seed only rarely in  
central and southern Illinois, yet  
as we go farther north, seeds ma-  
ture each year. This statement  
should not form a bulwark behind  
which careless farmers might take  
refuge and refuse to obey the law  
regarding the eradication of Cana-  
da Thistles. Occasionally seeds  
are produced everywhere and it is  
this fact which should be kept in  
mind.

The Canada Thistle is a peren-  
nial and propagates both by seeds  
and by underground roots. The

best time to start eradication is  
directly after a small grain crop.  
After plowing the land, so as to  
turn up all the roots, it should  
be thoroughly disced. This will cut  
up the roots into very fine pieces  
and at the same time prepare a  
good seed bed. If any piece of a  
root is to live, it must send up a  
stem and produce leaves. The  
plant food for this growth must  
come from the stored up food ma-  
terial in the piece of root. Ac-  
cordingly before the leaves have  
begun to function in replenishing  
the weakened root, the land  
should be disced again, so as to  
cut off the shoots. It is some-  
times necessary to plow a second  
and third time if the plants can-  
not be controlled by discing. If  
this practice is continued until fall  
most of the thistles should be  
dead. The following year the field  
should be put to a cultivated crop  
like corn and cultivated thoroughly  
with the "sweeper" or the "Scrap-  
er" type of implement. The last  
thistle should be gotten with the  
hoe, since it is the most import-  
ant.

Help the Farm Bureau to Identify  
Your Weeds

The Farm Bureau is frequen-  
tly called upon to identify weeds.  
In cases of doubt these are sent to  
the Farm Crops Division of the  
College of Agriculture, for verifi-  
cation. The number of samples  
sent in is increasing from year to  
year making it desirable to use  
all possible means to have  
samples sent in which can be eas-  
ily and quickly identified. It is  
important that the sample of weed  
or grass reach the division in as  
fresh a condition as possible. Al-  
so since plants are difficult to iden-  
tify in the early stages of growth,  
especially the grasses, it is bet-  
ter, if possible to have more ma-  
ture samples. With these facts  
in mind and in order that the di-

vision may render a more efficient  
service the following suggestions  
are made:

1. Send all samples direct to the  
Farm Crops Division.
2. Send samples of plants in the  
flowering stage if possible.
3. Whole plants including roots,  
stems, leaves, flowers, and seeds  
are more easily identified than  
only parts of the plant.
4. Wrap the sample in a damp  
cloth or paper in order to preserve  
its freshness. After the sample is  
well wrapped, put it in a contain-  
er which will not break or become

crushed in the mail and tie secure-  
ly.

5. Sender should write his  
name and address plainly on the  
package as well as on his letter  
of information. Often it is diffi-  
cult or impossible to tell who sent  
the sample.

6. Sender should indicate by  
letter or otherwise what he desires

to know concerning the plant, viz.  
identification, method of eradica-  
tion, disease or insect injury, etc.

When in Alton eat at the

## YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers Sailors and Marines

There are approximately 25,000 ex-service men still in hospitals in the United States.

The War Department has fewer than 25,000 infantrymen in the United States with which to cope with any emergency.

The Foreign Legion, attached to the Spanish forces in Morocco, consists of 5700 men, of whom 3000 are engaged at the front.

Lewis Elliott, a wounded veteran of the world war from New York City, is walking to San Francisco. He is accompanied by his wife.

Of the 855 officers of the regular United States army recently retired for disability since the world war, only 54 suffered wounds in battle.

A gigantic new bridge will span the historic Charles River at Boston, Mass., as a memorial to the soldiers of that State who were killed in the world war.

One hundred and fifty thousand members of the American Legion are expected to attend the national convention, starting October 15, in New Orleans, La.

More than 2000 Pennsylvania veterans of the world war who were with the 79th Division are planning to revisit France and the old battlefields this summer.

The British Legion has decided to admit ex-service women to membership on the same terms as men. Hitherto they have been barred from becoming full members.

To keep the American navy up to the 86,000 men authorized under the naval appropriation bill 65,000 men will have to enlist or re-enlist during the coming year.

In the American army recruiting has stopped in the Coast Artillery Corps, Medical Corps, Chemical Warfare Service, Quartermaster Corps and Finance Department.

The Belgian Government has fixed November 11 as the national holiday in place of August 4, because November 11 was the day of liberation from the war and from the enemy.

Architects of Princeton University have completed their work of aiding reconstruction in France and have returned home. The men were decorated with medals by the city of Soissons.

The manufacture of poison gas is to be discontinued by the War Department. Only limited amount will be made for research purposes.

JOHN G. BENSON

When Travelers Church sprang up—mushroom like—only 39 steps from Broadway, the board of trustees had started something. A house of worship in the center of the Sahara desert would not have created more consternation. New York smiled patronizingly, and old Broadway grinned, with perhaps the least suggestion of a sneer. A church is all right, an' all that y' know, by why HERE?

Nevertheless Travelers Church became a going concern and the big electric sign at Forty-Eighth and Broadway is truly a beacon light to the wayfarer. Its different from the "white lights" of Broadway but New York is realizing that the heart of old Broadway is after all a very appropriate place for a Church of God.

Why? Let John G. Benson tell of it. His story and that of his church is a real romance. He is a unique and interesting man and one of

America's most brilliant speakers—No preacher in New York has received so much attention from newspapers and magazines. He is a big hearted, happy faced, captivating man with a dynamic personality and a charming voice that carries enthusiastic and inspiring messages with persuasion and conviction in practical lectures full of the dramatic and alive with humor.

The Jacksonville Chautauqua arranges its programs for Sunday in keeping with the day. Dr. Benson will appear on the afternoon of the first Sunday, Aug. 13. On the evening of the same day Victor Hahibakshi, a native Hindu, will speak on conditions in India. Morgan's Rainbow Division Band will render concerts both afternoon and evening. The Sunday programs reach the height of excellence in assembly programs.

JACKSONVILLE CHAUTAUQUA  
 Fri., Aug. 11 to Sun., Aug. 20.

es and the development of gas defense appliances.

A marble shaft, as a memorial to American service men buried in France, will soon be erected in Arlington National Cemetery by the Argonne Auxiliary of Philadelphia, Pa.

The Distinguished Service Medal of the United States army was recently conferred on J. E. Maurin, Major Sisteron and Captain Clement Durette of the French army, for services rendered this country during the world war.

The United States navy is converting two battle cruisers into airplane carriers. The deck of each ship, with a flying space of two acres, will accommodate 350 planes of the largest type, exclusive of the space for catapulting machines.

The Auxiliary of the American Legion, said to be the fastest-growing woman's organization in America, has a membership of 140,000 in the 48 states, Alaska, Hawaii, the Canal Zone, Cuba and Mexico. These women are divided into 5089 posts.

The city of Cincinnati, O., recently turned its zoological garden

over to the American Legion for an entire day. The organization used the receipts from admissions and concessions for welfare work among disabled former service men in that locality.

The General Staff of the Swedish army has recommended that the American army intelligence test be tried out in Swedish army with a view of adopting it should it prove practical and successful. Experiments may be tried on three infantry regiments of recruits.

A. H. G. Fokker, the Hollander, whose monoplane was used extensively by the Germans during the world war, is now co-operating with American naval designers to perfect a new plane. The experiments are being conducted at the Anacostia, D. C., aviation station.

Plans to call a convention of members of the Officers' Reserve Corps of the army to meet in Washington, D. C., in September for the purpose of forming a national organization of army officers, both active and reserve, have been formulated by a group of officers of the reserve organizations.

The time is near at hand for

**Simeon Fernandes and Sons**  
 Phone 152

M. M. LICHTER

When Mr. Lichter left the platform last year, a lot of his hearers were so enthusiastic about his afternoon lecture, that they wanted him to go on again in the evening. Many requests came to the management that he be brought back for an evening address so that those who could not come during the day might be able to hear him. He is coming back for the evening address on Monday, Aug. 14.

He brings vitality to Chautauqua. A speaker of tremendous power, he is ideally equipped to deal with present day problems and he handles them without gloves. Mr. Lichter's lecture, "Less Happily We Drift" was used recently at the mother chautauqua in New York.

Mr. Lichter will be preceded by the Rainbow Division Band which will also render a grand concert in the afternoon after which Dr. Charles A. Gage will lecture. Aside from the morning lectures, this is the only lecture booked for Mr. Gage. Chautauquans who do not hear Mr. Gage are missing well worth-while lectures.

JACKSONVILLE CHAUTAUQUA

**BURN AIRPLANES AT SCOTT FIELD**  
**BELLEVILLE, ILL.**—One hundred and twenty airplanes, which during the war cost the government \$8,600 apiece or \$1,032,000, have been burned at Scott Field here. The planes were defective, and rather than attempt to sell them and possibly endanger the lives of those who might use them, the government adopted the policy of destroying the machines. They were first stripped of engines and other usable parts.

## How The Master Driver Became Master Tire Builder

IN 1903, driving the "999" racing car, Barney Oldfield started his career of victories that later earned him the title of "Master Driver of The World." To overcome the tire weaknesses that made racing difficult and dangerous, he studied tires—specified materials—supervised construction.

Today, Barney Oldfield is known as the "Master Tire Builder." Starting with the crude tires which carried the "999" one mile in sixty seconds, Oldfield gradually developed his famous Cords—a set of which covered 500 miles at eighty-eight miles an hour without a change.

In three years Oldfield tires have won every important race on American speedways. They are the only

American tires that have ever taken first place in the French Grand Prix. They have won for three consecutive years in the 500-mile Indianapolis Sweepstakes. So far in 1922, Oldfields have lowered four World's Records and seven track records.

The Wichita Test Run gave evidence of Oldfield superiority in touring—when a set of four Cords covered 34,525 miles over rutted, frozen, winter roads—a performance attested by the Mayor of Wichita.

See your dealer and get a set of these rugged tires that Barney Oldfield has developed and perfected through a lifetime of practical tire experience. Their performance will convince you that they are "The Most Trustworthy Tires Built."

## Widely Known and Well Liked

There has been solidly established throughout the country an active and intense allegiance to the Nash name and the Nash car.

Underlying it and stimulating it is the spirited character of the car's performance; the restful quality of its travel; the sure ease with which it handles; and lastly, the superb reliability and economy with which it serves.

## Know Value

It requires inside knowledge of a subject or an object to judge its value.

For whiskey there are "tasters."

For art there are connoisseurs.

For jewels there are experts.

For automobiles we have engineers and mechanics.

We don't guess at engine value—We measure with fine tools.

It requires tools and experience of their use—coupled with skill and knowledge of the engineer, to produce a motor that will run well and keep sweet.

Why take a chance?

When you can find out for sure.

# CAMERAGRAMS

**WHAT'S A FIVE-STORY FALL?** Bettie Nan Harter, 3, of New Castle, Ind., did it, and wasn't even knocked unconscious. Not even a bone was broken. In two hours she was playing again around the yard. Bettie opened the screen window and tumbled out when her mother wasn't looking.

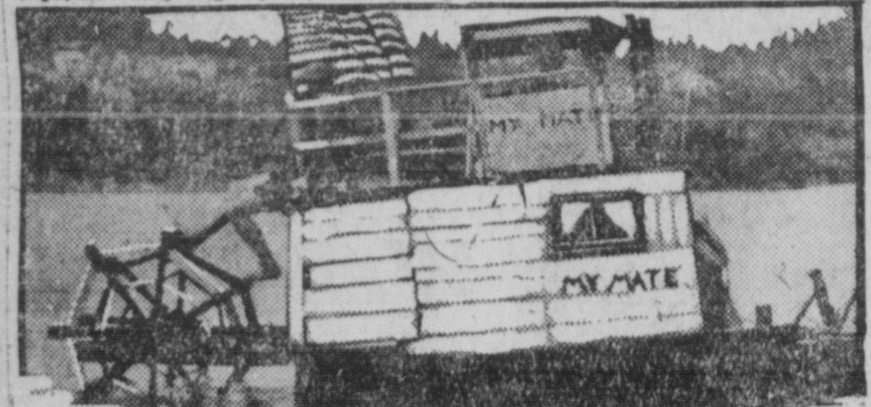

**OLDEST BARBER.** He's Albert Schultz, Cincinnati, O., and he's kept shop at the same stand for 52 years. This shows him shaving R. Stein, a customer who was his first customer and who has been coming regularly since for more than half a century. "Bobbed hair new? Rats!" says he. "Girls were having it bobbed in 1870."

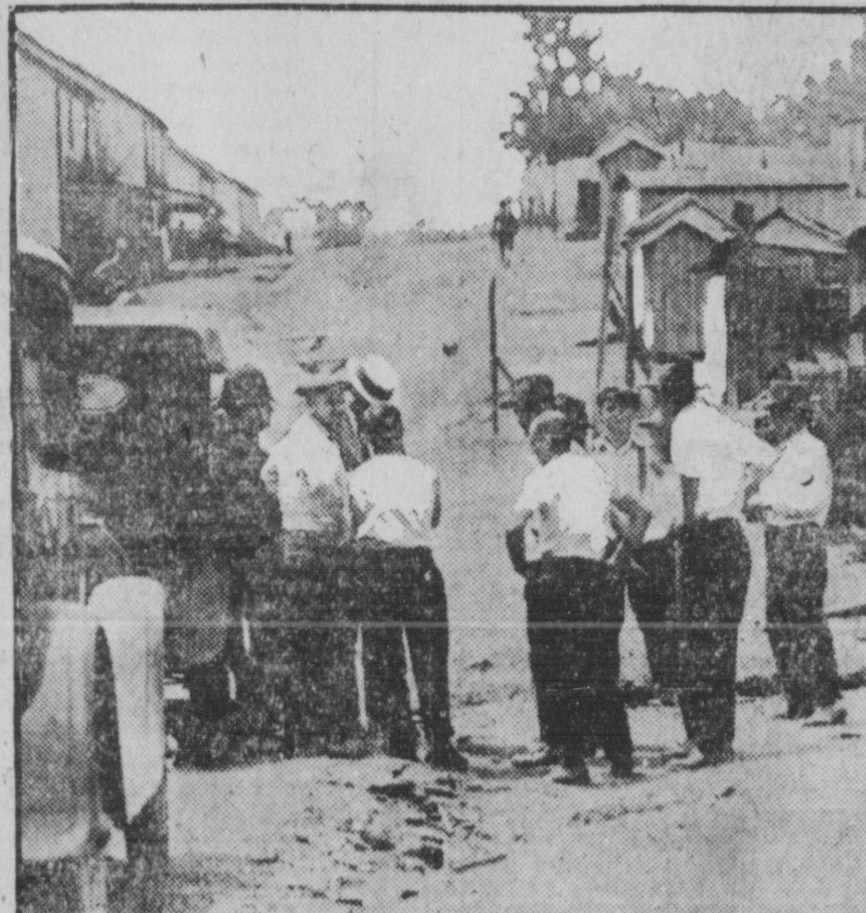

**PAPER-WAD SHOOTERS, AHoy!** Here's good news for the opening of school. A. R. Brown of Louisville, Ky., has invented this paper-wad machine gun, which, by merely turning a crank, shoots 40 to 50 wads quicker'n scat. Oh, teacher! This boy is demonstrating it.

**HOLD 'ER, NEWT; SHE'S A MARIN'** Ed Purcell, one of the star performers at the Fort Klamath, Ore., roundup, tried to ride Rocker P. Paul, a notorious "bad horse." Rocker turned a somersault, and—Purcell didn't waste any time in making tracks. He was caught under the horse's hips, but only slightly injured.

**SHADES OF TOM SAWYER!** Here's one Mark Twain overlooked. It's the only leg-propelled "Steamboat" in captivity. Carl Knechler, skipper and crew of this novel craft on the lower Ohio River, sits on the rear and propels the stern wheel with his feet. Notice the cabin, and the "wheel-house," too.

**BUSY TIMES IN WEST VIRGINIA.** This shows state troopers questioning male residents of a West Virginia mining town in the constant rounding up of suspects connected with attacks that are being made daily by mine strike sympathizers on mine properties at which strikebreakers are employed.

**THIS WAS SOME BLOWOUT.** It shows one of the "among those present" when a windstorm hit Phoenix, Arizona. The roof of the Seventh Avenue Hotel, shown here, was lifted up bodily by the blast, twisted into a hundred pieces and dropped helter-skelter back over the hotel and the surrounding streets. Every person sleeping in the hotel at the time escaped injury.

**ONE-OUNCE BATHING** That's it, shown above, around Peggy Schott. It was prize for Peggy at a recent parade at San Diego, Cal. But wasn't all that Peggy wore, of course. She wore a smile.

**THRESHING MACHINE EXPLODES.** One man was killed and five others injured when the blast came on a farm near Dayton, O. The machine was picked up and turned completely over. Parts of the engine, weighing 200 pounds, were found 600 feet from the blast. All of which makes aviators shake their heads in horror and comment once more on the dangers of living on old Mother Earth.

**HERE'S A HUNCH FOR OUR TOWN.** Phoenix, Ariz., auto salesmen challenged Tucson, Ariz., auto salesmen to a street-sweeping contest. This shows 'em brooming. The speed and efficiency they displayed was amazing. Now, if some kind soul would only originate such a contest in our town, we might—but, oh, well, why such useless hopes?

**CARRY LIGHT WITH** That's the latest. The "wax" lamp was introduced to light mother's sewing or dad's news. But think how it would light up the dark front porch.

## TENNESSEE PRIMARY THURSDAY AROUSES NATIONAL INTEREST

(Continued from Page 7.)  
Republican candidates for the Senatorial nomination are former Senator Newell Sanders, of Chattanooga, Thomas F. Peck, present commissioner of agriculture, Henry B. Anderson, Memphis lawyer and John W. Farley of Memphis. Democratic candidates for rail-

road commissioner are Porter Dunlap, of McKenzie, former state treasurer, and John H. Trice, of Jackson former prison commissioner. The victor will be opposed in November by W. N. Beasley of Halls, republican.

Democratic leaders are hoping for an impetus in their contests, they say, as a result of the increase which they expect in the women vote. National Chairman Hull has been urging the women

to go to the polls and Mrs. Halsey W. Wilson, of New York, toured the state at the instance of the national democratic organization in an effort to stir up the democratic women.

## BLUFFS RESIDENTS RETURN FROM COAST

Mr. and Mrs. Joe Martin Made Lengthy Sojourn in California—Other Bluffs News of Special Interest.

Bluffs, July 29—Mr. and Mrs. Joe Martin returned Friday from San Francisco, Calif., where they have been sojourning for the past seven weeks. They visited near Denver, Colo., and expected to find a suitable location to take up their residence but are now fully satisfied with Illinois as their home. Mrs. Martin suffered a severe attack of tonsillitis from the fog and dampness of the coast which later developed into rheumatism. Her condition which has been serious is somewhat improved.

Misses Helen and June Doyle expect to leave Thursday for a two week's visit with relatives in Beardstown.

Mrs. Arthur Sticker was a business visitor in Griggsville Tuesday.

Mrs. Alice Bohner who arrived ten days ago from Jacksonville, Fla., to spend the summer in the north, left Tuesday for Keokuk, Ia., to visit relatives.

Charles Collins, fireman on the Wabash left Wednesday to work out of Pittsfield.

Dr. J. H. Stewart has returned from a three week's sojourn in Southern Texas where he has been looking after his wheat crop and farm land in that state.

J. H. Vaughn, Carthage, Mo., Glenn Head, Moline and Virgil Robertson of Virginia were among the out of town attendants at the public sale of real estate in town Wednesday.

Mrs. Albert Knoepfel has returned from Chapin where she has been the guest of her brother, Claude Taylor and family.

Mrs. Lee Baird is ill at her home from an attack of heart failure.

Joe Martin who recently returned from Los Angeles, Calif., is working for the Wabash R. R. out of Quincy.

Charles Knott and Carl Veatch of Peoria who have been touring the states of Missouri, Iowa and Illinois, spent Thursday with J. F. Adkins enroute to their home.

## CONCORD

Mrs. Alfred Brockhouse and daughter Eleanor were city shoppers Tuesday.

Miss Velva Brockhouse is visiting at the home of her brother, Omer Brockhouse and family near Meredosia.

Born Tuesday to Mr. and Mrs. Merle Polsgroff of Arenzville a son. Mrs. Polsgroff was formerly Miss Bernice Murphy of this place. Mr. and Mrs. George Wooff are visiting relatives in Meredosia.

Werner Onken of Chapin was calling on friends here Tuesday.

J. E. Whorton and John McQuown were Arcadia callers Tuesday.

Quite a number from here attended the Fox picnic Wednesday.

Miss Pauline Kiefer of Arenzville is visiting her cousin, Mildred Hamm.

The annual Brockhouse Picnic will be held August 17th in the W. C. Brockhouse grove.

Mrs. Isaac Cox will leave soon for her old home in Tennessee for a visit.

# Trade in Jacksonville DOLLAR DAY

## Movable Segments

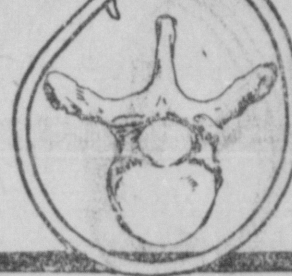

The organs and muscles of your entire system are directly controlled by your spine—which is really an elongation of your brain.

When the vertebra, or movable segments, which form the spine are even slightly displaced, the opening between them is partially closed. This results in lessening the effective functions of all muscles and organs controlled by the nerves compressed at these openings.

A disorder may be slight in itself—but far reaching in its effects. If you're in ill health, let me restore you to normalcy.

## For Your Health and Comfort

Ice is essential to summer comfort as the very air you breathe. It's among the most indispensable things of life—for your health, the welfare of children, the safety of food and your comfort are dependent upon the kind of ice you get and the service your require.

On Dollar Day and every other day will give you full value for the money you expend with us for ice tickets or books.

# BREEDEN & DORAND

16 WEST SIDE SQUARE

JACKSONVILLE, ILLINOIS

Every article in this store bears a bonafide price tag. A price on a tag represents the lowest possible purchase price, as a result of co-ordination of buying by groups of individual proprietors, plus a certain per cent of profit. Inasmuch as these prices on QUALITY MERCHANDISE have built up our patronage because they are REASONABLE and DEFINITE prices this message contains:

## NOTHING BUT THE TRUTH

We hope to make this DOLLAR DAY the greatest value giving event of the year. When we say that we'll give you a \$1.50 or \$1.75 article for \$1.00 on this day we are sincere

## **Cave Man Stuff**

Back near the beginning of things, our prehistoric forebears would have perished from the earth if they had not understood the science of reading advertising. The cavemen didn't know much about underwear, hair tonic or phonographs, but they did have to eat. The one who could follow the tracks of the game he hunted, or read the meaning of a twisted leaf or broken twig, was best off in life.

Then as now, the most consistent reader of advertising was best dressed, best fed and most contented.

There has been something of an evolution in advertising in the last few thousands of years, but the principle is just the same.

The consistent reader of the advertisements is invariably best informed on what to eat and where to get it; what to wear and how much to pay for it; what to do and how to do it. He's up on the most important things in life. Consequently he gets most from life.

Throughout the ages, advertising has done much to make life livable and pleasant. We owe it much.

LET'S MAKE THE MOST OF IT

## **An Invitation**

The Business Men of Jacksonville cordially invite you to attend their Second Semi-Annual Dollar Day event which will be held Tuesday, August 1, 1922.

They have prepared a special feast of bargains that will be offered to you on that day at cost or below cost prices.

As a pure and simple trade territory extension movement with no idea of profit to their individual selves, 120 of the leading business men of Jacksonville are co-operating in this mammoth sale.

Come to Jacksonville and partake of this array of very special bargains arranged for you.

COMMITTEE

## **Our Specials For Dollar Day**

## THE MAGIC CARPET

You could sit on the fabled carpet of Bagdad and view the world. In the whisk of an eyelash it would carry you any place you wanted to go. All you had to do was wish.

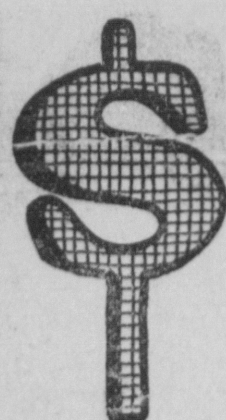

Advertising is a sort of magic carpet. Read it and in the twinkling of an eye you can review the merchandise of the world, pictured and displayed for your benefit.

You can pick up this paper and in fifteen minutes know what the different shops are offering in the way of fabrics, patterns, varieties and qualities of almost anything you want.

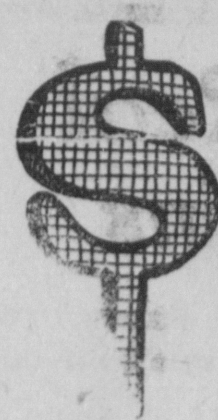

The advertisements introduce you to the latest styles—the newest comforts for the home—the best of the world's inventions. They tell you how to buy, where to buy and when to buy. They keep you posted on things necessary to feed and clothe you and your family and make you comfortable and happy.

Read the advertisements as a matter of education. Read them to keep abreast of progress.

## Keep It Before You

When Isaac Newton, the great mathematician and philosopher, was asked how he worked out a complicated problem, he replied:  
"I keep it before me."

Glance through the advertising columns of this paper and in a few minutes you have before you numerous things you want to buy now or at some future date.

Advertising has stabilized prices. The advertiser names his price—one for all. You can know that in paying it you are getting the same deal as the next one.

Keep it before you. You owe it to your pocketbook.

Advertising has helped stabilize quality. Only the best wares are spread before you on these printed pages. The men who advertise here are making public certain claims, on the fulfillment of which depends their commercial success.

Keep it before you.

Advertising gives you news or the latest and best things made with word as to what they cost and what they will do. It puts before your eyes the pick of the country's market and the selection of the particular kind, shape, size and color that best suits your taste and fits your pocketbook.

KEEP IT BEFORE YOU

## TIGER PILOT LEADS LEAGUE IN BATTING HONORS FOR SEASON

**Smashes Out Thirteen Hits in Last Six Games and Boosts Record from .405 to .418—Sisler Drops to Second Place—News of Other Major League Players**

CHICAGO, July 29.—Throwing a jolt and punch into Detroit Americans which is being felt by every American League club, the veteran Ty Cobb, Tiger pilot, extending his every past performance at the bat, today is out front of all American League contenders for 1922 hitting honors, and is leading his mates convincingly in the pennant race. Ty Cobb is showing his men how to hit, and this has carried him past George Sisler, St. Louis star, the batting honors of the league, which he lost to Speaker and Sisler, in the past two seasons.

Cobb, in his last six games cracked out thirteen hits, better than two a game, and boosted his mark from .405 a week ago to .418, while Sisler, who led the batters with an average of .416 a week ago, dropped to second place with an average of .404. He was unable to acquire only hits in as many games. The averages include games of Wednesday.

George Peck has instilled a spirit into the Tigers, with a result that they are topping the clubs in team batting with an average of .307, while the St. Louis Browns are next at .301.

Sisler continues to lead in total hits with 225, his 155 hits, including twenty-seven doubles, ten triples and seven homers, failed to increase his stolen record, but is showing the way with thirty-four thefts.

Other leading batters for sixty or more games: Metz, St. Louis City, .372; East, Wichita, .365; Long, Denver, .364; Davis, Tulsa, .358; Lamb, Oklahoma City, .355; Bennett, Tulsa, .354; Berger, Wichita, .354; Grantham, Omaha, .355.

**Southern Association.** Schleibner of Little Rock is shooting to the top of the Southern Association batting list with an average of .395. He climbed from sixth to second place within a week, boosting his average from .330 to .340 as a result of connecting with eleven hits in seven games. Schulte of Mobile is still on top, however, with an average of .345. The figures include games of Tuesday.

Silva of Birmingham continues to show the way to the base stealers with a total of thirty-one, with Henry of New Orleans second with twenty-eight. Connolly of Little Rock, with ten homers in the bag, is the leading home run hitter.

Other leading batters for sixty or more games: Tucker, New Orleans, .328; Lapan, Little Rock, .322; Bogart, New Orleans, .321; Connolly, Little Rock, .320; Williams, Mobile, .320; Neun, Birmingham, .319; Camp, Memphis, .318; McMillan, Memphis, .310.

## BRIDGE COMPANY DEFEATS CLOVERLEAF

**Insurance Men Defeated by 95 Strokes—Press and Bridge Company Golf Match Is Being Arranged.**

In a golf match between the Illinois Steel Bridge company and the Cloverleaf Casualty company the bridge men were the winners by 95 strokes. Flynn made the best score of the match, 92, and Conlee was a close second with 93. The best score for the Cloverleaf team was made by Clampt who had 101 strokes.

A match is now being arranged between the Press and the Bridge company. This match will be of 18 holes and will be played a week from today. The Press team will be composed of R. M. Arundel, C. Alves, G. W. Adams and C. E. Newport but no definite arrangements have been made.

The players in the match yesterday and their respective scores are as follows: Clampt, 101; Goodale, 103; vs. Conlee, 93; Mathews, 107, 8 up.

Killian, 123; Sperry, 103, vs. Jeffries, 95; Foley, 94, 6 up.

Larson, 110, vs. McMurphy, 98 7 up.

C. Y. Rowe, 112; R. Y. Rowe, 119, vs. Beadle, 97, Flynn 92 2 up.

Total strokes Cloverleaf Casualty Co., 771.  
Total strokes Illinois Steel Bridge Co., 676.

**MYERS BROTHERS**  
**LOOKING FOR GAMES**  
Bill Vespier announces that his crew desires a return engagement with Smith's Jacksonville Indies. He is also anxious to hear from Murrayville, Winchester, Roodhouse or any other fast nines in this vicinity. He has open dates Aug. 6, 13, 20. His crew has defeated such strong teams as Havana Merchants, Thayer Nationals and the fast Macon City nine. For games, write him in care of Myers Brothers, store, Springfield, Ill.

**Havana Blend Cigars**

## ST. LOUIS WON GAME IN FOURTH INNING

**Browns Pounded Penock For Four Runs—Severid and Sisler Were Injured and Retired—Williams Gets Another Run.**

ST. LOUIS, Mo., July 29.—All the outing 9 to 6, the Browns defeated Boston today 4 to 1 by pounding Penock in the fourth inning and scoring all their runs. Williams hit his twenty-fourth home run.

Hank Severid, catcher, and George Sisler, first baseman of the Browns were injured and retired. Severid had a finger on his right hand split by a foul and Sisler was spiked below the knee when sliding to first base. Severid will be out of the game for a week, but Sisler expects to play tomorrow.

## REDS TAKE TWO GAMES FROM BOSTON

BOSTON, July 29.—Cincinnati took both games from Boston today by one run margins 5 to 4 and 2 to 1. Watson was hit hard in the first game. Couch held Boston to seven hits in the second game. Barehanded catches by Burns and Daubert saved Couch much trouble.

**Score:**

## New World's Record for Home Runs Hit In One Day

CHICAGO, July 29.—Smashing out 21 home runs for the afternoon session, and piling up a new world's record for total home runs hit in any one day, major league fence busters today held an open field meet with Ken Williams and Babe Ruth "doing their stuff."

Williams, by knocking his twenty-fourth homer, tied Tillie Walker, Philadelphia, for the American League home run honors. Ruth boosted his season total to 18 at the expense of the White Sox.

Of these homers, the National League sluggers were on the long end of the total with 14. American League sluggers hit 7. Seven were made at Philadelphia in a double header the Phillies getting five and the Cubs 2.

Rob Russell, Pirate outfielder once famous as a Chicago White Sox pitcher and more recently runner up for the American association home run honors got his first major league circuit clout off Fred Toney at New York since his return to the big show.

The afternoon's tabulations follow:  
**National League**  
Lee, Philadelphia . . . 1  
Walker, Philadelphia . . . 1  
Wrightstone, Philadelphia . . . 1  
Headline, Philadelphia . . . 2  
Cheever, Chicago . . . 1  
O'Farrell, Chicago . . . 1  
Carey, Pittsburgh . . . 2  
Russell, Pittsburgh . . . 1  
Cooper, Pittsburgh . . . 1  
Tierny, Pittsburgh . . . 1  
Flack, St. Louis . . . 1  
Griffith, Brooklyn . . . 1

**American League**  
Falk, Chicago . . . 1  
Ruth, New York . . . 1  
Dugan, New York . . . 1  
Brower, Washington . . . 1  
Judge, Washington . . . 1  
Jones, Detroit . . . 1  
Williams, St. Louis . . . 1

Total . . . 14  
**American League**  
Pittsburgh, 8; New York, 3.  
Chicago, 7-2; Philadelphia, 2-6.

**St. Louis, 2; Brooklyn, 9.**  
Cincinnati, 2-5; Boston, 1-4.

**American Association**  
Toledo, 2; Milwaukee, 1.

Louisville, 6; St. Paul, 10.  
Columbus, 7; Kansas City, 8.

**Three 1 League.**  
Decatur, 6; Bloomington, 2.  
Terre Haute, 10; Moline, 4.  
Evansville, 0-0; Rockford, 1-5.

## AUSTRALIAN BOXER DEFEATED IN ENGLAND

LONDON.—Three Australian boxers, Albert Lloyd, George Cook and Frank Burns, came to England, saw and have been conquered, in fact so much so that they are ready to pack up for the long journey home.

Filled with high expectations on the basis of what they had heard about the lack of real boxers in the British Isles, the trio of Australians came here and found they were not nearly as proficient as they believed they were. Then they met some English boxers and the facts were demonstrated.

Most English critics say Frank Burns is the best of the trio. He was defeated by Kid Lewis but he exhibited real pluck and undeveloped ability that won his admirers. He is being urged to remain in England or to go to the United States, where, assert the critics, every boxer should acquire the finishing touches to his pugilistic education.

The most recent defeat of Lloyd cruiser-weight champion of the Antipodes, was administered by Arthur Townley, who won on points.

**MATCH AT WAVERLY**  
A tennis match between players representing Waverly and Glendale will be a feature of the Commercial Club picnic at Waverly on August 25 and 26. The match will be played in three sets of doubles and the winners of two out of three will be declared champions.

**SHATTERS WOMEN'S SWIMMING RECORD**  
New York, July 29.—Miss Helen Wainwright of the Women's Swimming association, New York, shattered the world's 220 yard record for women by eleven and three fifths seconds today in winning the 220 yard Metropolitan championship at Manhattan Beach Lagoon. Her time was 2 minutes, 41 1-5 seconds.

The former record for the distance, 2 minutes, 52 4-5 seconds, was held by Miss Marie Chen Weilselau, Hawaiian girl and member of the Untriged Club of Honolulu.

**MOLLA WINS SINGLES**  
Rye, N. Y., July 29.—Mrs. Molla Bjurstedt Mallory, national woman's champion, won the New York state lawn tennis singles championship today by defeating Mrs. May Sutton Bundy of Los Angeles, 4-6, 6-0, 6-2, in the final round.

Chris Horner of Joy Prairie was a caller in the city yesterday.

## WONDERFUL PITCHING DEFEATED WHITE SOX

Joe Bush Pitched His Teammates to a 6 to 2 Victory Over Chicago—Sox Lost Their Chance by a Close Decision With the Bases Loaded.

CHICAGO, July 29.—Wonderful pitching by Joe Bush and a home run by Joe Dugan with two men on bases enabled New York to win from Chicago 6 to 2 and remain in first place.

A homer by Bib Falk with a man on base was all that prevented Bush from registering a shut out. The break of the game came in the fourth inning when with the bases filled, Chicago missed a hair line decision on an attempted double play which would have retired the side. Umpire Moriarity declared the man safe and the run scored. Dugan then followed with his circuit clout.

Babe Ruth smashed on one of Hodge's offerings into the right field bleachers in the seventh for his 18th homer.

## MAJOR JOHN GRIFFITH TO CONTROL WESTERN CONFERENCE SPORTS

**Announcement Was Made of the Appointment by L. W. St. John, Chairman of the Big Ten Athletic Directors—Was Former All-Round Athlete of Beloit College**

COLUMBUS, O., July 29.—Major John L. Griffith of Champaign, Ill., has been appointed the first commissioner of Western Intercollegiate athletics, a post created by directors of physical education of the big ten universities early in June. Announcement of the appointment was made today by L. W. St. John, director of athletics at Ohio State University and chairman of the Big Ten athletic directors.

The new commissioner will be charged with conducting an educational campaign looking toward the development of better sportsmanship, belief in the amateur law and understanding of the values of competitive athletics. He will study the problems of western conference universities and will assist in enforcing the eligibility rules which govern Big Ten athletics. Another duty will be to foster relations among students and alumni.

## HORSEMEN LOOKING FORWARD TO RECORD BREAKING AT MIAMI

Grand Circuit Drivers Open Second Event There Soon

TOLEDO, Ohio, July 29.—Horsemen are looking for some record performances by the harness when, for the second time this year, the Grand Circuit reinsmen invade the Fort Miami track here for five days next week.

The first week the Fort Miami track was in existence, during the summer of 1918, Single G, set a world record by pacing three heats all under two minutes. It has been seldom that a Grand Circuit meeting has been held here when records have not been made.

In entering upon his new duties, Major Griffith will sever connections with the athletic department of the University of Illinois, but will continue to edit and publish the Athletic Journal, which he founded. Griffith was an all-around athlete at Beloit College, where he was graduated in 1902 and has served as director of athletics at Yankton College,

## SEYMOUR FAMILY HELD REUNION AT PARK

Large Company Gathered for Social Event—Family One of the Largest and Most Influential in This Part of Illinois.

It has often been said that if a man facing a Franklin audience would raise a stone and say "Look out, Mr. Seymour," more than half the men in the assembly would dodge. This well known Morgan county family held the third annual reunion at Nichols park Saturday.

Away back in the days of that much married man, Henry VIII, a man named John Seymour had a beautiful daughter and the king wanted her for a wife, and she was number three. Another wife was Jane Seymour, mother of Prince Edward. From that on down the genealogy is not directly kept but probably the English Seymours were all of the same strain. Some time in the eighteenth century a young man named John Granderson Seymour came to America. He married in this country and his children were Robert, William, John, Pullam, Richard, Edward, Peter, Betty, Nancy and Bird.

John and Pullam had families and Richard was a bachelor when, in 1829, they decided to leave for Illinois. They fixed up a big covered wagon to which they hitched four horses and started. Of course the men walked and sometimes the women. They had camping outfits and did the best they could. They had many thrilling experiences by the way but finally arrived all right and pitched their first camp about where the Franklin cemetery is today.

The brothers, John and Pullam, bought farms in Providence neighborhood, one on one side of the road and one on the other. There they settled and there they accumulated property and families. The children of John's family were Jackson, Agnes, Robert and Mary. Pullam's children were Alexander, Sarah and Harriet. Richard Seymour came along and he was a bachelor, brother of John and Pullam. There were later born to John Seymour and wife, Henry, Edward, George, Jarrett, Millie and Agnes.

To Pullam Seymour were born here Susan, Ann, Lavina and Polly. John's daughters married as follows: Agnes, John Austin; Mary, John Hutchinson; Millie, John Woodmancy. Pullam's daughters married: Lavina, Culom Criswell; Polly, Davison. Today the families claiming descent from the original Seymour stock number well over six hundred, and some say more. At any rate there are a great many.

As so many live in this vicinity and automobiles are so plenty, it has been the decision to have a reunion each year, and this is the third, and while so many were kept away by the threatening weather there were three hundred present and all had a fine time. The Journal reporter was treated very politely and assisted to all the information possible.

Naturally on such an occasion dinner is a prime feature and yes-

## Soviet Leader

Alexander Grigoravitch Schlichter is a new force in the affairs of the Russian Communists. He has been named Soviet minister of Vienna.

today was no exception. The good ladies certainly prepared a bill of fare fit for the greatest man in the land. All manner of good things graced the tables and there was plenty, well served and fully enjoyed.

After all had eaten plenty there was lots left, and all pronounced the bill of fare superb. A time was then spent socially and a brief program was carried out. Miss Grace Roberts recited in a finished manner Riley's poem "Tales of Early Days," and all sang "Blest Be the Tie That Binds" and "God Be With You Till We Meet Again."

It was decided to hold the next reunion at the same place and at about the same time. Officers were then chosen: James S. Seymour, Franklin, president; Louis Roberts, Franklin, vice president; Miss Grace A. Roberts, Franklin, secretary.

### Notes.

But two of the second generation are living. Jarrett Seymour, ninety years old. He is quite well and active but has lost his sight. The other and next in age is Rev. George W., aged 85. He served in Co. H, 101st Illinois volunteers in the Civil war. Mrs. Mattie Haynes was 91 years and 5 months old when she died.

The youngest Seymour on the ground was John Henry Seymour, son of Mr. and Mrs. James Seymour, and was born March 17, 1922.

Mr. and Mrs. H. T. Callon and son of Decatur were present, Mrs. Callon being a Seymour. Mr. Callon is a son of Major Callon and strongly resembles his father.

Several of the Seymour name served in the Revolutionary war.

### SWIFT & CO. PRODUCE MARKET REPORT

Butter production is still running large, indicating good pasturing conditions and a large number of milk cows on the farms. The demand for butter for consuming purposes is heavy, which is maintaining the market at about recent levels. The amount going into storage also is heavier than for the same period a year ago.

Egg values have worked materially lower in the past week, especially in the large cities, due to some accumulation, as dealers evidently are not interested in storing any further quantities, on account of unusually heavy stocks now in warehouses. The present lower values if passed on to the consumer should bring about very heavy demand with healthier conditions.

The marketing of live fowls is still running heavy, indicating that the supply available is large. Prices are working lower.

The increased offering of spring chickens is having the effect of reducing prices in the large consuming centers, and the prospects are that on account of the heavy crop prices will be on a consecutive basis.

Swift &amp; Co., Chicago, Ill., July 28, 1922.

### FOR SALE

My farm consisting of 163 acres near Murrayville, known as the "Old Rimby Farm". Is in a high state of cultivation—there being 30 acres in corn, 30 acres in clover, 30 acres in oats, 50 in timothy and clover, balance in bluegrass pasture. Hedge and wire fencing. Nearly new house, smoke house and garage just finished. Barn and other buildings fair. On public road near church and school. Possession of farming lands at once. Reasonable terms.

**THE SHOLLE ORCHESTRA**

An Ideal Instrumental Company It's a family affair pure and simple when the Sholle Family Orchestra comes to Chautauqua on Saturday, August 19 and Sunday, August 20, for this excellent organization is composed of that eminent artist James Sholle, his four sons and a daughter.

James Sholle came to America from Bohemia some twenty years ago and has been a member of our country. He is master of many instruments. Frank Sholle is a member of the Cleveland Symphony. In all some fifteen musical instruments are used in their programs.

The Sholle Orchestra is one of superior merit. Lifelong training has made it so. It is a real family orchestra and not a promiscuous assembly of artists handed together under a family name.

Versatility dominates the program. Their programs of infinite variety and charm will long be remembered.

This orchestra appeared last year for the first time on the platforms of the Mid-West Independent Chautauquas and everywhere it went was reported the best music of the season.

Jacksonville Chautauqua, Friday, August 11 to Sunday August 20.

called on some of his numerous town friends yesterday.

Allan A. Ryan, who gained fame through his corner of Stutz stock two years ago, has declared himself bankrupt with liabilities of \$32,435.477 and assets of \$543,533.

**JULY 5 BIG DAY FOR THIS FAMILY**

PENSACOLA, Fla.—The family of O. S. Norman, of this city has decided that July 5 is a bigger day in history than July 4 and in the future the day after the day featured by firecrackers, flag displays and speeches will be celebrated in the household.

Eloise Norman was born at 5:55 a. m. July 5, 1908. Cleo Elizabeth was born at 10:55 a. m. July 5, 1921, and July 5, 1922 became notable at 12:55 p. m. because of the arrival of O. S. Norman, Jr. It is the only instance in this city where as many as three children in one family, excluding triplets, have the same birthday, and another peculiar feature is the fact that each child was born within five minutes of the hour. The Norman family moved to Pensacola, from St. Louis, Mo., last October.

Winchester M. E. Burgoon picnic Thursday, Aug. 3. Come.

The miners decided not to mine any coal this summer. That would produce a shortage this winter and, as a matter of fact, the mine owners and operators were satisfied to have it that way.

Now the President invites them to get together and of course they will. What's the use anyway? It all means that you will have higher priced coal. Now that this is attended to, you may save a few dimes or dollars to help pay for the coal and we're trying to help.

**MANCHESTER MAN HAS RETURNED FROM TEXAS**

Dr. G. W. Lucas Returns From Ten Days Stay in Brownsville, Tex.—Other Manchester News of Interest.

Manchester, July 29.—Dr. G. W. Lucas has returned from Brownsville, Texas, where he went a week or ten days since.

Miss Nettie Blackburn has gone to Jacksonville for a visit with relatives.

Quite a number from here attended the picnic at Murrayville Thursday.

C. D. Chapman, who was reported seriously ill Wednesday, is now greatly improved and was able to be in his store Saturday.

Miss Ethel Rousey and daughter, Miss Ruth, spent Friday and Saturday with relatives in Jacksonville. Miss Margaret Beadles of Murrayville returned with them for a visit.

Mr. and Mrs. Orville Yetter, Leo Yetter and Miss Mabel Hulbert of Havana are visiting Mrs. Hattie Hawkins and other relatives here.

Fulton Cuddy returned Saturday afternoon from a stay of six weeks at Hot Springs, Ark., his mother, Mrs. Thomas Cuddy of Roodhouse, was also in Hot Springs and returned with him.

Charles Dean spent Friday in St. Louis.

Members of the Sunshine class of the Baptist Sunday school served ice cream in the park Saturday evening. The weather interfered to some extent with the

attendance but quite a goodly sum was realized.

Mr. and Mrs. Austin McPherson and little son of Murrayville are visiting Mrs. McPherson's parents; Mr. and Mrs. Edward Walker.

If you are interested in washing machines don't fail to see our demonstration Tuesday, Dollar Day. **GRAHAM HDW. CO.**

**VOTERS LEAGUE MAKES ANNOUNCEMENT**

The Morgan County Legislative Voters' League met Friday night, July 28th, at their headquarters, 212 1/2 South Main street.

The object of this organization is to support men and measures regardless of party affiliation in local politics.

The public office belongs to the people who created it, and not to the one who happens to hold it. When his term of office expires, it is the moral duty of the people to choose the best equipped and the best qualified man they can find. Voters should take into consideration in selecting public officials, not party lines, but character, ability and be sure they have one who will assure honest law enforcement with fair impartial decisions to all and special privileges to none.

The headquarters will be opened permanently after August first.

H. C. Brinkman, President, Herbert Hyatt, Secretary.

1 lot linen finished pillow cases, values to \$1.75—Special \$1.00. **H. J. SMITH**

**ANOTHER VERSION OF COLLISIONS**

In Friday's Courier Mr. J. H. Turner of Beardstown related his story of his various collisions on the streets of Jacksonville Wednesday morning. Among other things he stated that "I was driving twenty miles an hour and that I ran into him instead of him running into me." He also stated that the Western Union messenger boy caught hold of his rear fender to keep from falling and was dragged along for several feet, in both instances claiming he was right.

The facts are I was running about ten miles an hour, and Mr. Turner, who came in from a side street, was going at such a fast clip that he ran clear across West State street and into my car as I was endeavoring to get out of his way.

The messenger boy says that the front wheel of his bicycle was run over, the bicycle being wrecked. Th feet re Mr. Turner was traveling the business district at too fast a clip. He showed no interest as to the damage done. Instead of Mr. Turner making collections for his casing, he should be visiting the city again and paying for the damage he did.

**FARM BUREAU WILL HAVE BUSY WEEK**

Five Evening Meetings Will Be Held—Farm Office Has New Soil Testing Set.

Farm Adviser Kendall has a busy week before him. On five nights meetings will be held in various parts of the county and movies will be shown. The movies that will be exhibited try to show what may be gained by co-operation of farmers with the farm bureau.

A new soil testing kit has been purchased by the farm bureau for use in this county. The whole is packed in a black case resembling a doctor's bag and holds racks full of chemicals. Some of the contents of the kit are aqua distilla, hydrochloric acid, and a test known as "rich or poor." The entire apparatus is known as the Comber test.

A fine sample of wheat has been brought to the farm office by J. W. Rawlings. It produced thirty-six bushels to the acre and is of a high grade.

Following is the program for next week.

Monday—Blank.

Tuesday—community meeting, 8 p. m., at Clark Chapel.

Wednesday—community meeting, 8 p. m., at Little York schoolhouse.

Thursday—community meeting 8 p. m., at Grace Chapel.

Friday—community meeting, 8 p. m., at Durbin.

Saturday—community meeting 8 p. m., at Zion church.

Mr. Kendall will speak at these meetings and will boost the county fair. A good program of moving pictures will be given.

If you are interested in washing machines don't fail to see our demonstration Tuesday, Dollar Day. **GRAHAM HDW. CO.**

**HAD FINE TRIP TO WISCONSIN CITIES**

Mr. and Mrs. Albert Metcalf and son George have returned to this city after an auto and camping trip covering a month in Wisconsin. They left this city on the first of July and arrived in Princeton, Ill., the next day. There they were joined by Mr. and Mrs. E. L. Kellogg of Kewanee and motor on to Varaboo, Wisconsin. In Varaboo they were joined by Mr. and Mrs. H. L. Kellogg of Cleveland, Ohio. They arrived at their camping site on Lake Owen, four miles from Cable, Wisconsin on the Fourth of July.

The trip was every enjoyable in every way except for the weather, which was very cold. Mr. and Mrs. Metcalf and son returned to the city about noon yesterday, having made the trip of nearly seven hundred miles by the way of Starved Rock.

**MISSIONARY SOCIETY WILL MEET**

The Woman's Foreign Missionary society of Centenary church will hold a meeting and chain party at the church next Friday afternoon from three till five. All members are requested to be present.

**WILL MOVE TO ST. LOUIS**

Newton DeWitt of this city has arrived home from St. Louis. He will move to that city before many days are passed. Mr. DeWitt's son, Carlos DeWitt moved there about two weeks ago.

# RUSSELL & THOMPSON

The Choicer Diamonds—Loose and Mounted

# The Dort's Usual Performance

In Brooklyn a Dort stock touring car carrying four passengers maintained an average of 24.1 miles per gallon of gasoline in a 24 hour non-stop run. The car was loaded in high gear and ran through the thick of city traffic. Less than one quart of oil was used with the motor running continuously. Over a measured half mile the car showed better than fifty seven miles per hour. At the end of this gruelling run the motor was "as cool as a cucumber" says the wire.

This test, which was under the observation of the automobile editors of all the Brooklyn newspapers, is regarded as a wonderful demonstration of the economy, flexibility and endurance of the Dort four cylinder motor and the staunchness of the Dort chassis.

An equally remarkable record under totally different conditions, was made in California. Running from Fresno to Glacier Point Hotel, 3200 feet above the Yosemite Valley, a distance of 105 miles, constantly up grade, a Dort stock touring fully equipped, carrying two passengers, established an official record for this difficult run. It made the fast time of four hours and fifty eight minutes.

## FRESH DOWNTURNS

IN WHEAT PRICES

By Associated Press.

**CHICAGO, July 29.**—Talk of  
 settlement in the railroad strike  
 and absence of outside interest  
 led to downturn today in the  
 price of wheat. At the finish  
 wheat was down ¼¢ to 1¢ with  
 September \$1.07½ to \$1.08 and  
 December \$1.10 to \$1.10½. Corn  
 declined ¼¢ to 1½¢; oats were un-  
 changed to ¼¢ off and provisions  
 2½¢ to 15¢ higher. Trade in  
 wheat was light and the tone  
 weak. Absence of outside interest  
 and the call for a peace meeting  
 among the chairmen of the shop  
 crafts in Chicago following the  
 proposal of President Harding in  
 an effort to end the walkout were  
 the principal factors. Almost all  
 the action in the wheat trade oc-  
 curred during the last thirty  
 minutes, the fluctuations before  
 that time being confined to a  
 narrow range but moderate sell-  
 ing by hedgers and longs caused a  
 break of more than a cent in a  
 few minutes' time. A big eastern  
 house picked up wheat and a  
 rally ensued to the early high  
 point, but a little reaction toward  
 the finish carried the prices  
 down. Receipts of wheat here  
 were 400 cars and deliveries on  
 July contracts were 310,000  
 bushels.

Trading in coarse grains was  
 dull, prices being weak with  
 wheat. Rains over the corn  
 belt were much needed and the  
 forecast for more moisture over  
 Sunday was a depressing factor in  
 the corn market.

Provisions were strong in line  
 with higher hog values.

**CHICAGO PRODUCE MARKET**  
 Cheese—Twins, 18½¢@19¢; Young  
 Americas, 19¢@19½¢.

**Live Poultry**—Fowls, 18¢; ducks,  
 22¢; geese, 14¢; springs, 21¢; tur-  
 keys, 23¢.

James Tribune was up to the  
 city from Franklin yesterday.
